a scout is a friend to all an amalgam of imperial myth borrowed tips on health and hygiene and object lessons in woodcraft the 1908 text of robert baden powell s scouting

for boys is the original blueprint and self instructor of the boy scout movement one of the all time bestsellers in the english speaking world this primer of yarns and pictures constitutes probably the most influential manual for youth ever published yet the book is at the same time a roughly composed hodge podge of jingoist lore and tracker legend padded with lengthy quotations from adventure fiction and baden powell s own autobiography and seamed through with the multiple anxieties of its time fears of degeneration concerns about masculinity and self restraint and invasion paranoia elleke boehmer s edition of scouting for boys reprints the original text and illustrations and her fine introduction investigates a book that has been cited as an authority by militarists and pacifists capitalists and environmentalists alike about the series for over 100 years oxford world s classics has made available the widest range of literature from around the globe each affordable volume reflects oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

at the very beginning of the twentieth century retired general robert baden powell the hero of the siege of mafeking coalesced his ideas for an organization to train young british boys in scouting for the british empire not a very organized thinker baden powell borrowed heavily from all sorts of unrelated resources newspaper articles military dispatches fiction and much more and produced this his first book on scouting originally published as six separate books this book brings all of them together now as might be expected from its roots this book reflects a lot of the biases and ways of thinking from edwardian england but leaving that aside this is a fun and interesting book that shows clearly the forms that have stayed with the boy scouts movement to this very day now as a newcomer to scouting will you find anything useful in this book you sure will robert baden powell was very knowledgeable about the subject and this book sure shows it youv e never thought of tying your shoes like that of course some of the information is out of date especially the first aid information so it isn t really usable by the boys as is but this is a nice resource one that shows you where scouting started you will actually enjoy the somewhat jumbled organization of this book it isn t as scholarly and antiseptic as modern boy scout books and the stories and tales laced throughout make the reading much more fun plus you will find the focus on some subjects such as logic and deductive reasoning to be quite interesting you will love this book it s highly recommended

this deluxe unabridged reprint legacy edition of robert baden powell s 1908 scouting for boys is the very first manual for boy scouts which kicked off the global scout movement first published in the uk for british boy scouts bp s handbook provides the blueprint for the first scouts

this description is for the historically correct 1908 edition with the light blue cover in may 1908 baden powell released all six of his fortnightly pamphlets under the one cover as this book scouting for boys now for the first time you can purchase and read the book which catapulted the scouting movement into the hearts and minds of the public

worldwide in this new edition there is no modern long winded overly critical politically correct 40 page introduction by a non scout with a barely concealed disdain for our beloved bp and his astounding and unequalled legacy of service to the youth of the world on this the 110th anniversary of the establishment of the scout association the anonymous publishers of this edition who we might add are old scouts themselves have painstakingly reproduced directly from a very rare original the 1908 first edition of scouting for boys so it may be presented read and understood exactly as the founder lord robert baden powell of gillwell intended with all original illustrations this new paperback replica edition brings this exceptionally rare book to a 21st century audience be sure to keep an eye out for our new editions of baden powell's military and scouting books which include reconnaissance and scouting 1884 red leather cover cavalry instruction 1885 red canvas cover aids to scouting for n c o s men 1899 red cover scouting for boys part i 1908 buff cover scouting for boys part ii 1908 buff cover scouting for boys part iii 1908 buff cover scouting for boys part iv 1908 buff cover scouting for boys part v 1908 buff cover scouting for boys part vi 1908 buff cover scouting for boys all parts 1908 light blue cover boy scouts of america official handbook original edition 1910 khaki cover aids to scoutmastership 1919 khaki cover
