at some point in our lives we all face profound existential questions i ve tried to answer these myself though not always successfully at times exploring my relationship with the universe and our creator felt overwhelmingly complex something far too vast to fully grasp even gazing at the night sky a simple yet extraordinary act often left me feeling disconnected from the greater whole so i stopped pondering it until one day i had a revelation i was awakening this awakening led me to delve into scientific fields i knew little about such as quantum physics and psychology

spurred on by a series of synchronicities this newfound knowledge marked the first step on an incredible journey of transformation and spiritual evolution it ultimately united my inner self with the universe in harmonious consciousness when we reach a saturation point a state often referred to as the dark night of the soul we undergo a profound spiritual awakening this is the moment we realize we've changed that we no longer fit into society's predefined molds it's a call from our higher self shouting wake up your sleepy conscience we feel an intense desire to break free from the monotony of daily life from the ceaseless grind that lacks purpose this transformation marks the beginning of self-awareness the greatest treasure lies in listening to our inner voice which persistently urges wake up your sleepy conscience and listen to your intuition for it always reveals the truth as Jesus of Nazareth once said for where your treasure is there your heart will be also this timeless wisdom reminds us to focus on what truly matters in life the place where all creation unfolds our hearts I now understand that we weren't born into this world simply to survive wake up your sleepy conscience because we are here to learn to evolve and to be happy wake up your sleepy conscience because we are all interconnected through the primal intelligence that created us a pure and infinite love dwelling within each of us in this unity we are all one wake up your sleepy conscience because there is a perfect order in the universe every experience we encounter no matter how challenging or joyous is essential for our individual and collective evolution in peace love and harmony wake up your sleepy conscience because death does not exist we are energy eternal and unending when we complete our journey in this earthly school of life we return spiritually alive free from our physical forms to the ultimate home the source the dwelling of God or however you choose to name it so wake up your sleepy conscience because the time has come to recognize that everything unfolding in our lives holds deeper significance than what appears on the surface each moment carries profound meaning and purpose guiding us toward growth understanding and connection happy journey

todos los seres humanos llegamos a un punto de nuestra vida en la que nos hacemos preguntas existenciales yo he probado a responderlas pero no siempre lo he logrado porque pensaba que cuestionarme sobre mi relación con el universo y nuestro creador era algo infinitamente grande para poderlo entender ya sólo el hecho de observar el firmamento a través de la vista era una experiencia extraordinaria pero siempre me quedaba desconectada con el más allá y lo dejaba estar hasta que un día me di cuenta que estaba despertando y empecé a investigar a estudiar más a fondo esas disciplinas científicas de las que no tenía conocimiento como la física cuántica la psicología y profundizando siempre más gracias también a una serie de sincronicidades muchísima información llegó hacia mí y me di cuenta que había dado el primer paso para emprender este maravilloso viaje de transformación y evolución espiritual de mi propio ser interior para conectarme finalmente con el todo en una consciencia de unidad cuando llegamos al punto de saturación algo parecido a la noche oscura del alma es entonces cuando espiritualmente experimentamos el salto cuántico sólo el hecho de darnos cuenta de que algo está cambiando a nuestro alrededor de que ya no somos los mismos y que no encajamos más con lo que está afuera de nosotros con lo que nos quieren inculcar los que nos manejan como marionetas ya es una señal de que nuestro yo superior nos dice despierta tu conciencia dormida nos damos cuenta que queremos salir del modo automático en el que vivimos cotidianamente corriendo de un lado para el otro sin saber para qué renegamos tanto y a dónde estamos yendo todo ese cambio que estamos experimentando ya es señal de que hemos puesto en marcha lo que se conoce como la toma de conciencia de que nuestro verdadero tesoro es escuchar nuestra voz interior que nos repite despierta tu conciencia dormida y escucha lo que te dice tu intuición porque será siempre la verdad el maestro metafísico Jesús decía donde esté tu tesoro allí estará tu corazón que es lo realmente importante en nuestra vida y donde tiene lugar toda creación ahora sé que no hemos venido a esta vida a sobrevivir despierta tu conciencia dormida porque hemos venido a esta vida a aprender a evolucionar y a ser felices despierta tu conciencia dormida porque estamos todos interconectados por la inteligencia primera que nos creó y es puro amor y que reside en nosotros mismos es por eso que todos somos uno despierta tu conciencia dormida porque existe un orden perfecto en el universo donde a cada uno le toca vivir lo que le corresponde aprender en este camino transitorio que llamamos vida para evolucionar individual y colectivamente en paz amor y armonía despierta tu conciencia dormida porque la muerte no existe dado que somos pura energía y después de esta escuela llamada vida volvemos espiritualmente vivos y sin el cuerpo físico a la casa a la fuente a la morada de Dios o como tú quieras llamarlo entonces despierta tu conciencia dormida porque ha llegado la hora de entender que todo lo que existe y sucede en nuestra vida tiene un sentido más profundo de la simple visión de las cosas que nos rodean feliz viaje
