the chapters in this anthology on caring in the words of editor peggy l chinn phd rn faan express the idea the ideal and the practice of caring this collection of articles presents many views of the caring phenomenon in nursing chapters such as the importance of knowing what to care about and caring for the environment underscore the importance of caring to healthy living read about culture specific care in close knit societies such as the old order amish rediscover why social activism is necessary in health promotion caring and nursing these essays will remind us as nurses to care for ourselves and the people around us

this book advances a reimagined view of caring in higher education the author proposes an argument of rhythmic caring whereby teachers hold back or release their judgments in such a way that students judgments are influenced accordingly in doing so the author argues that rhythmic caring encourages students to become more willing and confident in articulating their understandings judgments and opinions rather than being prematurely judged and prevented from rearticulating themselves thus rhythmic caring can engender a different understanding of higher education one that is connected to the cultivation of values such as autonomy justice empathy mutual respect and ubuntu human dignity and interdependence this book will be of interest and value to students and scholars of caring within education as well as ubuntu caring through the african context

casting a light on one of the leading british scholars working in the field of catholic education studies this edited volume scrutinises contemporary issues surrounding the scholarship of john sullivan over the past three decades demonstrating the

field's development under his scholarly influence giving voice to many internationally established and leading catholic education scholars chapters review and critically appraise the contribution of sullivan's work in key areas such as his call for a coherent philosophy of catholic education a broader more inclusive catholic culture robust teacher formation and a coherent understanding of catholic higher education the book also discusses the interplay between the pastoral and the prophetic two complementary aspects that underpin much of sullivan's work ultimately posing questions for how catholic educators can and should build on sullivan's foundational legacy this book will appeal to scholars researchers and postgraduate students in the fields of religious education history of education and catholic educational studies more broadly

the question of whether there can be a distinctively female ethics is one of the most important and controversial debates in gender studies philosophy and psychology today rethinking feminist ethics care trust and empathy marks a bold intervention in these debates and bridges the ground between women theorists disenchanted with aspects of traditional ethics and traditional theories that insist upon the need for some ethical principles

this book provides a clear comprehensive and incisive introduction to the major traditions of feminist theory from liberal feminism radical feminism and marxist and socialist feminism to care focused feminism psychoanalytic feminism women of color feminisms and ecofeminism

key benefit ethical health care provides an interdisciplinary perspective to bioethics relying heavily upon the teachings of economics law and public health key topics the book explores with care and context the nature of the relationship between patients and clinicians health care providers and the societies in which they live and finally the relationship between the health

care enterprise and the international community market for clinicians and other health care providers

caring the compassion and wisdom of nursing is a collection of essays that will encourage nurses to consider more deeply what caring means to them to their patients to society and to their profession aimed at a wide audience of nurses this text is a valuable resource for all health professionals interested in caring and the arena in which it takes place the authors look at the cultural and historical origins of caring the practical and professional responsibilities that caring involves the personal and professional strengths necessary in order to care and the role that the arts and humanities play in promoting caring sensitivities this unique approach to the subject puts caring into a sharp and clear focus each chapter requires a different type of reflection and the various approaches together form an interesting picture of both the complexities and simplicities inherent in caring

relational epistemologies redefines epistemology in a non transcendent manner and reclaims the traditional epistemological concerns of standards and criteria for warranting arguments and determining truth and falsity these concerns must be reclaimed in order to make them visible and accountable as well as pragmatically useful on socially constructed grounds not transcendental grounds thayer bacon s book offers analysis and critique as well as redescription she presents a pragmatist social feminist view a relational perspective of knowing embedded within a discussion of many other relational views personal social and holistic ecological and scientific which emphasize connections thayer bacon describes each of these forms of relationality and she points to key scholars whose work highlights a certain relational form she concludes with a discussion of the educational implications relational epistemological theories have for education

fifteen essays address subjects ranging from the history of feminist ethics to the logic of pluralist feminism and present feminist perspectives on such topics as terrorism bitterness women trusting other women and survival and ethics paper edition unseen 14 95 annotation copyrighted by book news inc portland or

the author argues that because the profession of nursing consists of practical ways of fostering the well being of persons ethical considerations must arise out of the unique nature of this work this book focuses on the moral sense of nursing by developing nursing ethics as it is rooted in everyday practice rather than the application of philosophical ethics this implies a therapeutic ethic that is founded in caring two of the four primary themes of the book deal with the concept of caring in addition this book argues that such a nursing ethic has an evocative or inspirational side the decision to become a nurse implies a call to caring the interpretative nature of this brief text advances our understanding of both nursing and ethics

annotation goldstein education u of texas austin offers this text in an effort to reestablish caring in teaching and in teacher education with an urge to move away from the gentle smiles and warm hugs view toward one that sees caring as an integral part of the teacher learning process and teacher education programs coverage includes conceptual theoretical and empirical interpretations of caring which provide a framework for a moral and intellectual relation view of caring educating teachers to understand and be committed to this concept of caring teaching and possibilities for developing teacher education programs which demonstrate for preservice teachers the pedagogical power of the moral and intellectual relation view of caring annotation c book news inc portland or booknews com

this work presents 26 essays that address the issue of moral concepts many of the essays contain examples that should

make this volume suitable for teaching moral concepts in a college or university

this book looks to the history of the the commons in american and european social thought to better understand contemporary environmental problems the authors show how american law governing lands and resources relies on the individualist assumptions of enlightenment thinkers who regarded land as wasted when not being improved by european agriculture or colonization curry and mcguire trace the history of this philosophical and historical legacy and reveal its strong influence on american concepts on community and land they not only reveal the law s insufficient comprehension of community rights but they also advocate realistic policy alternatives whereby community governance can better solve the challenges of resource management and other american social problems
