esta edición recoge las tres obras que Ramsay dedicó a temas de estética traducidas por primera vez al castellano: ensayo sobre el ridículo 1753, diálogo sobre el gusto 1754 e investigación sobre la villa Sabina de Horacio inédita en vida del autor. Su lectura conjunta proporciona una síntesis de los principales temas de estética y teoría del arte europeos de la segunda mitad del siglo XVIII. Por un lado, Ramsay fue el primero en problematizar filosóficamente el gusto, cuya desconfianza ante este le condujo a priorizar la mimesis aristotélica, generando toda la reflexión posterior sobre la norma del gusto. Por otro, su conocimiento de los restos y de las teorías históricas de la antigüedad greco-romana hizo que denigrara a los romanos ante los griegos, alineándose con Winckelmann y dando lugar a la encendida crítica de Piranesi.
