compiled by the china national intellectual property administration cnipa with the support of the wipo china funds in trust this book gives students a basic yet comprehensive understanding of ip using a question and answer format it covers the general rules of the ip system as well as the essentials of patents copyright trademarks and other forms of ip such as industrial designs geographical indications and traditional knowledge

international intellectual property in an integrated world economy fourth edition by frederick m abbott thomas cottier and francis gurry provides a comprehensive treatment of the international intellectual property system across the spectrum of intellectual property rights and interests it introduces the institutional architecture at the multilateral regional plurilateral bilateral and national levels for each form of ip it addresses the technical legal rules and illustrative jurisprudence as well as economic and social welfare implications each of the authors has played a role in the development and implementation of the international rules and they bring their experience to bear in introducing students to the field new to the fourth edition the latest developments in bilateral and regional agreements regulating intellectual property including nafta 2 0 usmca cptpp and ceta important new judicial decisions including the u s supreme court decision adopting international exhaustion of patents and cjeu decisions addressing trademarks

geographical indications and copyright developments in ip and human rights ip and competition law and ip and health the wto panel report in the australia tobacco case professors and students will benefit from an approach to the international ip system that situates the rules within the broader context of international law and the public policy objectives that governments industry and interest groups are seeking to achieve case law from international dispute settlement bodies as well as from national and regional courts discussion of patent trademark geographical indication copyright design trade secret and data protection as well as plant variety protection protection of genetic resources and traditional knowledge and the role of open source an explanation of the new european union unitary patent system exploration of the increasingly important role of emerging market ip systems materials to help students understand the disputes between the united states and china involving ip investment and transfer of technology inclusion of important jurisprudential developments

law school casebook with two objectives one is to equip law students with the methodology they will need to engage in an international intellectual property practice involving transactional work or litigation the second is to expose students to the social economic and cultural considerations that underpin intellectual property law around the world features expertly edited cases and problems for classroom discussion

the policy space in international intellectual property law presents a critical and original examination of the policy space in international intellectual property law through the unique lens of glocalisation distinguishing between the unregulated local space and the regulated glocal space as distinct components of this policy space it contends that it is within the glocal space that states can resist or adapt the globalising waves flowing from the international intellectual property system it discusses both the contours and the components of this glocal space it further highlights the important role that the wto s adjudicatory bodies play in preserving this glocal space in international intellectual property law

everywhere new tax rules are under development to engage with the ever increasing complexity and sophistication of aggressive tax planning and to reverse the tax base erosion it leads to the most prominent initiative in this context is the base erosion and profit shifting beps project of the oecd although double non taxation is among the main issues the beps project intends to address this book shows that this phenomenon has not yet been fully understood focusing on the fundamental freedoms and the state aid rules of the eu this book thoroughly explains the nature of double non taxation from an eu law perspective its relation to double taxation and the impact of eu law on these phenomena among the issues dealt with in the course of the analysis are the following locating the gaps and inconsistencies among domestic tax systems exploited by taxpayers hybrid mismatch arrangements as a prime example of double non taxation political efforts undertaken within the eu in order to address double

taxation and double non taxation double non taxation in the european vat system the convergence of the fundamental freedoms and the state aid rules the ecj s dilemma with regard to juridical double taxation the deviating approach with regard to economic double taxation the potential impact of the ecj s case law on the eu law compatibility of double non taxation the tax jurisprudence of the ecj is referred to and comprehensively analysed throughout this whole book a final chapter provides an outlook on possible developments in the future by providing the first in depth analysis of eu law s impact on double non taxation and the double taxation relief standards with which it is intimately related this book takes a giant step towards greater legal certainty in this challenging area of tax law it will quickly take its place as a major practical analysis which benefits tax authorities scholars and tax practitioners across europe and even beyond

covering the world intellectual property organization this volume introduces a much ignored element of the contemporary structure of global governance to scholars of international political economy christopher may discusses how the world intellectual property organization works its antecedents and history the debates about the role and justification of intellectual property the role of wipo within contemporary global politics the key elements of its relations with the world trade organization the agreement on trade related aspects of intellectual property rights the analysis then examines the recent political economy of the organization and argues that far from being the neutral or technical agency that it often presents itself as the wipo is highly politicized and acts to socialize policy makers and civil servants into a specific view of intellectual property however the recent proposal to establish a development agenda at the wipo is an important development and the book concludes by examining the problems which have promoted this agenda suggesting that these reforms of the wipo should be welcomed the world intellectual property organization is a clear and accessible volume that will confirm the wipo as one of the global institutions which any student of global governance must understand

intellectual property has emerged in the modern global economy as the new source of power and wealth changing the composition of world trade and ushering in a new era of legislation in many countries new trade agreements conventions and directives all attempt to keep pace with what has become a dynamic factor in commercial transactions in the european community there are continuing attempts to harmonise national legal systems in order to promote innovation trade and technology transfer however the law is applied nationally and substantive differences between member states will remain this book gathers together expert commentary from leading european practitioners on the complex interplay between community and national law in their jurisdictions each chapter analyses the law relating to trademarks copyright patents industrial design confidential information trade secrets international intellectual property law european jurisdictions will be of particular interest to specialists seeking local information in house lawyers and advisers and academic lawyers

more and more intellectual property disputes tend to be multijurisdictional in nature and parties everywhere are turning to international arbitration as the most promising means of resolution although these two legal specialisms intellectual

the intellectual property benchbook series is a set of practical manuals on ip law and procedure to assist judges in adjudicating ip cases appearing before them in their own courts as well as for readers interested in learning about judicial adjudication of ip disputes across jurisdictions this is the first title of the benchbook series and introduces the international legal framework for ip sharing wipo s expertise and global perspective on the multilateral treaties that shape ip law in the areas of trademark patent copyright and remedies

the newly adopted world intellectual property organization wipo development agenda presents a real opportunity to revolutionize the international governance of intellectual property law and policy the litmus test for its success however will be if and how the agenda is implemented in practice this edited collection brings together a series of incisive essays written by leading thinkers from emerging economies canada and elsewhere to develop concrete strategies for implementing the agenda the essays cover a range of fundamental issues surrounding the agenda and examine its recommendations from multidisciplinary and multi regional perspectives several essays explore the role of wipo and its member states in steering the direction of future reform as well as potential approaches to achieve this goal other contributions examine specific recommendations on wipo s activities within the broader context of development this volume will be a useful source of reference for informed but non expert readers including government officials and delegates at international and capital levels leaders of the international business community individuals in inter and non governmental organizations and scholars in the fields of law and international governance co published with the international development research centre and the centre for international governance innovation

this wipo overview explains in simple terms how wipo works and how it carries out its mission of promoting a balanced ip system

this volume surveys recent international developments in intellectual property law including forum shopping unfair competition hag ii mercosur and the development of trademark and patent law in different sectors of industry

this book examines how intellectual property rights ipr affect the daily lives of individuals worldwide and how that may in turn impact the health and wealth of nations while the protection of the intellectual endeavours of authors and inventors is vital for a fair and just society it is important that the ipr regime remains flexible enough to

encourage creativity innovation and the free flow of information and technology that are critical to the well being of billions of people especially in the developing world this work examines the implications of the ipr regime for basic human security it examines the relationship between ipr regime and fundamental human rights such as the right to education health and food and the broader right to development this book will be of interest to ip scholars international relations specialists and international security analysts in particular those interested in non traditional security issues it may also serve as resource book for the international business community on developmental and human rights aspects of ip

this is a book dedicated to the significance and legacy of landmark cases in the field of intellectual property eleven well known scholars offer in depth commentary and analysis of cases that have made an impact on legal theory or critical thinking about the scope and purpose of the protection of intellectual and industrial creativity all the cases covered have proven useful in developing doctrine even though subsequent developments have made some appear and misleading and rather than leading and for some recent cases it is too early to say whether their approach will become mainstream among the fundamental questions and all profoundly interesting and to which no definite answers have yet been found and arising in the course of the analysis are the following and who should be master over the reputation esteem and legacy of authors and their works and authors and their heirs or subsequent copyright owners and what if any protection should be granted to achievements in the absence of confusion and should prevention of unfair competition allow one to and reap what one has not sown and should we protect commercial investment beyond the scope of defined intellectual property rights and should it be considered a tort to use a well known mark in a way that may dilute its reputation and distinctive character and what kinds of monopolies should be protected if any and does the patent system in its current form allow us to question the assumption that technological progress is good per se and that novel and inventive solutions should thus be protected and should extraneous considerations such as public good and social usefulness be considered at the stages of grant and enforcement of patent rights and should we grant patents over living organisms whose workings and reproduction are a long way from being completely understood and should the rules developed for the enforcement of property rights limit a patentee's remedies to appropriate damages thereby effectively granting a compulsory licence the book concludes with an analysis of two case clusters remarkable for the worldwide dimension of the dispute the authors show how litigation over Lego in about 30 jurisdictions and Budweiser in over 40 jurisdictions has enriched doctrine on such issues as contract trade marks trade names geographical indications property rights in general human rights and various international and bilateral treaties all as they impinge on the protection of intellectual property rights for scholars in the field as well as for lawyers seeking a rich vein of doctrine to buttress a case this unusual book will be of incomparable value as a masterful clarification of salient doctrine it represents a major contribution to the legal theory underpinning intellectual property law

presents a unique interoperability model for regional and international integration of intellectual property laws based on cooperation the asean way

international intellectual property a handbook of contemporary research provides researchers and practitioners of international intellectual property law with the necessary tools to understand the latest debates in this incredibly dynamic and complex

the intellectual property benchbook series is a set of practical manuals on ip law and procedure to assist judges in adjudicating ip cases appearing before them in their own courts as well as for readers interested in learning about judicial adjudication of ip disputes across jurisdictions this is the first title of the benchbook series and introduces the international legal framework for ip sharing wipo s expertise and global perspective on the multilateral treaties that shape ip law in the areas of trademark patent copyright and remedies
