this book serves as a guiding beacon for individuals families and professionals who embark on the noble path of caring for seniors through its pages readers will embark on a comprehensive journey delving into the complexities of geriatric care management and the nuances of caregiving that define the latter chapters of life as our society ages

understanding the unique needs of seniors becomes crucial elder care unfolds the layers of geriatric care management offering insights into the physical emotional and social aspects of aging from healthcare considerations to emotional support financial planning to fostering a nurturing environment this book equips its readers with the knowledge and tools necessary to navigate the challenges and celebrate the joys of elder care beyond the practical aspects this book delves into the profound relationships formed through caregiving it honors the dedication of caregivers the unsung heroes who selflessly devote themselves to ensuring the comfort and dignity of our seniors whether you are a family member a professional caregiver or someone passionate about contributing to the well being of seniors this book invites you to join a community dedicated to understanding supporting and uplifting our elders together let us embrace the challenges and joys of geriatric care management and caregiving weaving a tapestry of love respect and dignified aging for our seniors

handbook of geriatric care management fourth edition is a comprehensive and practical guide for care managers that addresses the multiple needs of aging adults and their families an ideal teaching tool it guides students and professionals along the journey of becoming a successful care manager new to this edition are two new chapters on working with older veterans and helping clients with depression completely updated and revised the fourth edition provides updated ethics and standards a focus on credentialing and certification numerous case studies sample forms and letters and tips for building and growing a care manager business

this book is a reference which addresses the many settings that geriatric care managers find themselves in such as hospitals long term care facilities and assisted living and rehabilitation facilities it also includes case studies and sample forms

a comprehensive guide for geriatric care managers gcms to help define duties and procedures while providing guidelines for setting up a geriatric care practice from publisher description

care managers working with the aging family addresses the unmet needs of care managers working with aging clients as well as the client s entire family with its in depth focus on the aging family system this book fills a gap for medical case managers and geriatric care managers giving them tools to better meet the treatment goals of aging clients and their families as the older clients move through the continuum of care in institutional based

settings or community based settings care managers working with the aging family uniquely focuses on helping the entire family unit through the process of death and dying helping midlife siblings to work together to render care to aging parents it adds proven techniques to the care manager repertoire such as family meetings forgiveness technology and care giver assessment it offers multiple tools to do an effective care plan so that both the needs of the family and the older client are met

this primary purpose of this study is to investigate the private model of geriatric care management and explore how social workers use this model to meet the growing needs of the aging population the secondary purpose of this study is to inform social work practitioners and educators about the field of geriatric care management as it may be a potential career for many future social workers this exploratory study used in depth interviews to collect data from nine social workers who serve older adults as geriatric care managers in northern california the interviews identified and explored several topics including professional qualifications funding sources client needs obstacles services gaps in resources and perspectives of geriatric care managers many findings supported previous studies of geriatric care managers while other findings were unique to this study and provided additional insight to the private model of geriatric care management because there is a growing need for services to the aging population further research should evaluate whether the current model of private geriatric care management is appropriate and effective or if communities should pursue alternate models and funding by gaining more knowledge and recognition of the profession of geriatric care management social workers can better understand its implications for serving a rapidly growing population
