the northern ireland yearbook is an invaluable resource for anyone who has any kind of interest in northern ireland users will find expertly prepared political and economic commentary along with a wealth of information on various groups and associations social activity tourism history and the media and entertainment

this study examines the structure of the early medieval welsh landscape using a cantref hundred in south west wales as a case study it draws on a multidisciplinary comparative analysis to overcome the limits imposed by restricted material culture survival and limited written sources it examines the patterns of power and habitual activity that defined spaces and structured lives and considers the temporal relationships both seasonal and *longue durée* that shaped them four key findings are presented firstly that key areas of early medieval life agriculture tribute payment legal processes and hunting were structured by a longstanding seasonal patterning that is preserved in twelfth and thirteenth century welsh law church and well dedications and fair dates secondly it presents at cantref level the first systematic survey of assembly site evidence in wales and sets it in comparative context thirdly it demonstrates that though poor material culture preservation and limited written records have hitherto restricted identification and characterisation of key locations in the early medieval welsh landscape a multidisciplinary dataset allows effective identification of focal zones through indicators known from other areas of north west europe fourthly the widely used multiple estate model is found to be an

inadequate descriptor of the early medieval welsh landscape an alternative approach is proposed methodologically it demonstrates the value of a multidisciplinary approach especially the systematic use of place names which is novel in a welsh context it also provides key resources for other researchers by geolocating pre 1700 place names from a previously published survey creating gis resources polygons and geolocated databases from the 1840s tithe map and schedules for parishes in its detailed case study areas and providing a geolocated database of 16th century demesne and welsh law landholdings in the cantref
