board games have been with us longer than even the written word but what is it about
this pastime that continues to captivate us well into the age of smartphones and instant
gratification in it s all a game renowned games expert tristan donovan opens the box on
the incredible and often surprising history and psychology of board games he traces the
evolution of the game across cultures time periods and continents from the paranoid

chicago toy genius behind classics like operation and mouse trap to the role of monopoly in helping prisoners of war escape the nazis and even the scientific use of board games today to teach artificial intelligence how to reason and how to win with these compelling stories and characters donovan ultimately reveals why board games have captured hearts and minds all over the world for generations

over a century before monopoly invited child players to bankrupt one another with merry ruthlessness a lively and profitable board game industry thrived in britain from the 1750s onward thanks to publishers like john wallis john betts and william spooner as part of the new wave of materials catering to the developing mass market of child consumers the games steadily acquainted future upper and middle class empire builders even the royal family themselves with the strategies of imperial rule cultivating trading engaging in conflict displaying and competing in their parlors these players learned the techniques of successful colonial management by playing games such as spooner s a voyage of discovery or betts a tour of the british colonies and foreign possessions these games shaped ideologies about nation race and imperial duty challenging the portrait of britons as absent minded imperialists considered on a continuum with children s geography primers and adventure tales these games offer a new way to historicize the victorians britain and empire itself the archival research conducted here illustrates the changing disciplinary landscape of children s literature culture studies as well as nineteenth century imperial studies by situating the games at the intersection of material and literary culture

the current english language edition of contemporary china review centers on the theme of how china recalibrates itself at the intersection of institutions and ethics and is organized into sections such as chinese scholars view current affairs and book review the first section approaches the topic from the perspective of political systems and the international order revisiting the historical echoes of america s open door policy and wilsonianism while engaging with issues of constitutionalism and the economy party competition and civil society linking modern and contemporary history to today s governance dilemmas current affairs blends documentary narrative with institutional analysis focusing on the truth of june fourth and transitional justice the governance tactics of the pandemic and the causes and consequences of the white paper protests it also features bei ming s memorial essay for cheng kai highlighting the ethical choices and

personal costs faced by journalists under political pressure the book review section examines the intellectual trajectory of xu zhiyong s citizens faith practice and also reviews recent works such as the china record and china s game offering a systematic critique of the continuities between the imperial tradition and the party state system the structural tensions between power and the market and possible reform pathways entirely in english and aimed at an international readership the issue combines rigorous historical research careful argumentation and engaging narrative seeking to forge a communicable public language that bridges fact thought and moral judgment and to serve as a cross lingual reference and dialogue platform for academia the media and public policy debates

volume 117 of the proceedings of the british academy contains 13 lectures delivered at the british academy in 2001

accounts of the work of six significant figures in canadian political thought are used to examine key intellectual debates including the national unity issue and canada s relationship with the united states james bickerton stephen brooks and alain gagnon analyse the work and influence of george grant harold innis charles taylor and pierre trudeau as well as two writers crucial to french canadian nationalism andré laurendeau and marcel rioux the authors look at the ways these individuals understood freedom equality and community and consider the impact they have had on canadian political life

an internationally renowned scholar and political economist innis was the forefather of the global village concept popularized by marshall mcluhan in the 1960s innis life time of research resulted in this seminal work which examines the evolution of communications media from stone tablets to printing presses and the direct impact of various media on the duration and prosperity of the empires of egypt rome greece babylon europe and america in this revised edition david godfrey brings innis classic study of communications theory into the 1980s applying innis examinations of civilization and technology to the present he helps us understand today s explosion of electronic media in canada and the world back cover

gerald sussman offers a detailed critical analysis of the political dimensions of 21st century communication information technologies mass media and transnational networks

this overview of the main events and interpretations of globalization from the time of

columbus to the settlement of australia considers the psychological and economic imperatives which created the great empires of portugal spain the netherlands and great britain it proposes a balanced view of european expansion in terms of planetary integration rather than colonization this work should appeal to the layperson interested in the themes of empire and discovery

revolutionary empire describes the events which have transformed life everywhere in the world the political revolutions of england and scotland in the seventeenth century the democratic revolution which began with the revolt of the thirteen colonies then found expression in europe and the industrial revolution simultaneously occurring in britain at the point where this volume ends britain was ready to dominate world affairs through its naval might and its manufacturing prowess angus calder has constructed a narrative which sets familiar episodes in fresh light generation by generation he interweaves english irish scottish and colonial events into a single pattern he concerns himself with social and intellectual history as well as with political and economic developments raleigh still sails for el dorado pitt still declaims in the commons clive's feat at plassey is still judged remarkable but this story also includes james vi attempting to colonise the hebrides captain tom philips trading for slaves at whydah and cudjoe leading his black guerrillas in jamaica
