the sixth edition of the highly successful the city reader juxtaposes the very best classic and contemporary writings on the city to provide the comprehensive mapping of the terrain of urban studies and planning old and new the city reader is the anchor

volume in the routledge urban reader series and is now integrated with all ten other titles in the series this edition has been extensively updated and expanded to reflect the latest thinking in each of the disciplinary areas included and in topical areas such as compact cities urban history place making sustainable urban development globalization cities and climate change the world city network the impact of technology on cities resilient cities cities in africa and the middle east and urban theory the new edition places greater emphasis on cities in the developing world globalization and the global city system of the future the plate sections have been revised and updated sixty generous selections are included forty four from the fifth edition and sixteen new selections including three newly written exclusively for the city reader the sixth edition keeps classic writings by authors such as ebenezer howard ernest w burgess lecorbusier lewis mumford jane jacobs and louis wirth as well as the best contemporary writings of among others peter hall manuel castells david harvey saskia sassen and kenneth jackson in addition to newly commissioned selections by yasser elshestawy peter taylor and lawrence vale new selections in the sixth edition include writings by aristotle peter calthorpe alberto camarillo filip deboech edward glaeser david owen henri pirenné the project for public spaces jonas rabinovich and joseph lietman doug saunders and bish sanyal the anthology features general and section introductions as well as individual introductions to the selected articles introducing the authors providing context relating the selection to other selection and providing a bibliography for further study the sixth edition includes fifty plates in four plate sections substantially revised from the fifth edition

this volume explores major theoretical and empirical themes in the study of the economic history of the middle east despite the relative neglect of economic history in middle eastern studies this book makes a case for its importance as a discipline of study on the one hand it shows promise in illuminating the economic base of historical trends and events on the other it can elucidate the historical foundations of economic continuity and change the chapters employ an array of theoretical and methodological approaches and ultimately demonstrate how economics and history along with political economy complement each other in studying the middle east among the substantive topics explored are the trajectories of the arab spring institutional change and economic development in the early ottoman empire the destructive effects of the reordering property rights in iraq by the american led occupation authority the evolution of the political economy of the islamic republic of iran and the determinants of movements in the yields of egyptian and ottoman sovereign debt following political and economic crises in the 19th and early 20th centuries the book will be of interest to scholars and students of economic history political economy and the middle east

a study of the saudi arabian monarchy's efforts to construct and disseminate a historical narrative to legitimize its rule the production of history is premised on the selective erasure of certain pasts and the artifacts that stand witness to them from the elision of archival documents to the demolition of sacred and secular spaces each act of destruction is also an act of state building following the 1991 gulf war political elites in saudi arabia pursued these dual projects of historical commemoration and state formation with greater fervor to enforce their postwar vision for state nation and economy seeing islamist movements as the leading threat to state power they sought to de-center religion from educational cultural and spatial policies with this book rosie bsheer explores the increasing secularization of the postwar saudi state and how it manifested in assembling a national archive and reordering urban space in riyadh and mecca the elites project was rife with ironies in riyadh they employed world renowned experts to fashion an imagined history while at the same time in mecca they were overseeing the obliteration of a thousand year old topography and its replacement with commercial megaprojects archive wars shows how the saudi state's response to the challenges of the gulf war served to historicize a national space territorialize a national history and ultimately refract both through new modes of capital accumulation praise for archive wars an instant classic with incredible insight creativity and courage rosie bsheer peels away the political and institutional barriers that have so long mystified others seeking to understand saudi arabia bsheer tells us remarkable new things about the exercise and meaning of power in today's saudi arabia toby jones rutgers university author of desert kingdom how oil and water forged modern saudi arabia there are now two distinct eras in the writing of saudi arabian history before rosie bsheer's archive wars and after robert vitalis university of pennsylvania author of oilcraft archive wars explores with conceptual brilliance and historical aplomb the various forms of historical erasure central not just to the kingdom of saudi arabia but to all modern states in a finely grained analysis rosie bsheer rethinks the significance of archives historicism capital accumulation and the remaking of the built environment a must read for all historians concerned with the materiality of modern state formation omnia el shakry university of california davis author of the great social laboratory subjects of knowledge in colonial and postcolonial egypt

arab modernism's is an exploration of how the arab world encountered modernism sometimes inadvertently sometimes deliberately and how those encounters continue to shape the built environment of its cities today adhering to his late father's belief that cities are nothing without people yasser elsheshtawy writes not just about the buildings but the lives lived in and around them his narrative weaves together personal anecdotes and works of fiction and film thus providing a textured backdrop

to his central theme the evolution of modernism in arab cities following the introduction the next ten chapters each focuses on a different city or town moving from hassan fathy s gournah to cairo algiers rabat and casablanca amman and beirut and then to the gulf cities of riyadh kuwait doha and abu dhabi and dubai the book closes with a coda a tribute to the author s father hassan elsheshtawy

perhaps no other challenge preoccupies governments and citizens in the mediterranean region than the mass unemployment of young people many of who have invested in higher education in the hope that ability and effort lead to fulfilling lives transitions to independent adulthood are however frustratingly long drawn out and often jeopardised by labour markets that are neither youth friendly nor meritocratic while such challenges require structural responses at the macro economic level career education and guidance have an important role to play in addressing both the public and private good and in furthering the social justice agenda this volume provides a state of the art review of career education and guidance in southern europe and the middle east and north africa region presenting a multi faceted portrayal of the situation in each country as well as overviews of cross cutting themes that are especially relevant to context such as women s career development in the arab states job placement support for refugees and the impact of faith on livelihood planning this book is a major achievement focusing on a pivotal part of the world tony watts cambridge uk this book challenges career guidance to truly think in a contextual localised plural and dialogical way in providing an opportunity for the south to speak on its own terms it helps renew the field through different ways of thinking and doing career guidance marcelo afonso ribeiro university of são paulo brazil this wonderful new book furnishes a way forward in helping people and communities establish practices that will support our natural striving for work that is decent dignified and meaningful david l blustein boston college usa this book is packed with fresh ideas based on lucid arguments that draw from a substantial evidence base this work is essential reading gideon arulmani the promise foundation bangalore india this publication is a must read for every individual involved in policy research and practice activities in the career guidance field r  nette du toit independent research services south africa

this bibliography brings together a rather diffused literature from many different disciplines in order to provide a research tool for scholars interested in the subject the area covered is most of the islamic world although the concentration is on the core area of the middle east and north africa the bibliography focuses on western language literature esp english german french and
