how do we make social democracy should we seize the unknown possibilities offered by the future or does real change develop when we focus our attention on the immediate present the modern tradition of social revolution suggested that the present is precisely the time that needs to be surpassed but can society change without an intimate focus on today s experience of social injustice in socialism and the experience of time julian wright asks how socialists in france from the mid nineteenth to the mid twentieth century tried to follow a democratic commitment to the present the debate about time that emerged in french socialism lay beneath the surface of political arguments within the left but how did this focus on the present relate to the tradition of revolution in france what did socialism have to say about social experience in the present and how did this discussion shape socialism as a movement wright examines french socialism s fascination with modern history through a new reading of jean jaurès multi authored project to write a socialist history of france since 1789 then in four interlocking biographical essays he analyses the reformist and idealist socialism of the third republic long side lined in the historical literature with a sometimes emotional focus on the present times of benoît malon georges renard marcel sembat and léon blum a personal history unfolds that allows us to revisit the traditional narrative of french socialism this is not so much a story of the future hope for revolution as an intimate account of socialism intellectual engagement and the human present

in a little more than a decade economist michael a lebowitz has written several major works about the transition from socialism to capitalism beyond capital winner of the deutscher prize build it now the socialist alternative and the contradictions of real socialism here he develops and deepens the analysis contained in those pathbreaking works by tracing major issues in socialist thought from the nineteenth century through the twenty first lebowitz explores the obvious but almost universally ignored fact that as human beings work together to produce society s goods and services we also produce something else namely ourselves human beings are shaped by circumstances and any vision of socialism that ignores this fact is bound to fail or at best reproduce the alienation of labor that is endemic to capitalism but how can people transform their circumstances in a way that allows them to re organize production and at the same time fulfill their human potential lebowitz sets out to answer this question first by examining marx s critique of the gotha programme and from there investigates the experiences of the soviet

union and more recent efforts to build socialism in venezuela he argues that socialism in the twenty first century must be animated by a central vision in three parts social ownership of the means of production social production organized by workers and the satisfaction of communal needs and communal purposes these essays repay careful reading and reflection and prove lebowitz to be one of the foremost marxist thinkers of this era

the success of jeremy corbyn s left led labour party and bernie sanders s 2016 presidential campaign revived a political idea many had thought dead but what exactly is socialism and what would a socialist system look like today in the socialist manifesto bhaskar sunkara editor of jacobin magazine argues that socialism offers the means to achieve economic equality and also to fight other forms of oppression including racism and sexism the ultimate goal is not soviet style planning but to win rights to healthcare education and housing and to create new democratic institutions in workplaces and communities the book both explores socialism s history and presents a realistic vision for its future a primer on socialism for the 21st century this is a book for anyone seeking an end to the vast inequities of our age
