in material dreams starr turns to one of the most vibrant decades in the golden state s history the 1920s when some two million americans migrated to california the vast majority settling in or around los angeles although he treats readers to intriguing side trips to santa barbara and pasadena starr focuses here mainly on los angeles revealing how this major city arose almost defiantly on a site lacking many of the advantages required for urban

development creating itself out of sheer will the great gatsby of american cities he describes how william ellsworth smyth the peter the hermit of the irrigation crusade propounded the importance of water in southern california s future and how such figures as the self educated irish engineer william mulholland who built the main aquaducts to los angeles and george chaffey who diverted the colorado river transforming desert into the lush imperial valley brought life supporting water to the arid south he examines the discovery of oil yes it s oil oil oil that makes la boil went the official drinking song of the uplifters club the boosters and land developers the evangelists such as bob shuler the methodist savanarola of los angeles and aimee semple mcpherson and countless other colorful figures of the period there are also fascinating sections on the city s architecture such as the remarkably innovative bradbury building and its eccentric neophyte designer george wyman the impact of the automobile on city planning the great antiquarian book collections the hollywood film community and much more by the end of the decade los angeles had tripled in population and become the fifth largest city in the nation in material dreams kevin starr captures this explosive growth in a narrative tour de force that combines wide ranging scholarship with captivating prose

te has planteado alguna vez ser freestyler conozco a alguien que sí lo hizo se llama héctor y esta es su historia pero también es la mía por aquel entonces héctor solo se había puesto en contacto conmigo para expresarme su ilusión por llegar a ser un gran mc yo estaba adentrándome en el freestyle rap como host de la red bull batalla de los gallos y vivía unos momentos en los que la ansiedad la vulnerabilidad y un sinfín de miedos estaban aflorando en mi interior aunque l mismo tiempo empecé a superarme día a día a conocer a nuevas personas que hoy son imprescindibles para mí y a disfrutar de momentos increíbles para poner en orden el caos emocional en el que me encontraba inmersa mi coach me sugirió comenzar a escribir un diario muy íntimo en el que con absoluta libertad narrara todo lo que sucedía en mi vida

hemos complicado el estudio del pasado al dar mayor importancia a opiniones e intereses nacionalistas religiosos y morales relegando el hecho histórico a un segundo plano subordinándolo a los intereses del sistema que controla nuestra educación no podemos aceptar esa manipulación es nuestro deber librarnos de esas falsas verdades culturales por respeto hacia nuestros antepasados después de muchos años estudiando historia he llegado

a la conclusión de que la mejor manera de conocer el pasado es a través de una cronología imparcial y objetiva que coloque cada acontecimiento en su lugar exacto en el tiempo y revele la historia sin manipulaciones ni medias verdades cronologías siempre fueron un complemento secundario en los métodos tradicionales de estudio pero en mis libros constituye el centro de la narrativa una obra de referencia completa que transcurre año a año en la medida de lo posible desde la prehistoria hasta el presente para aquellos que prefieran un estudio más detallado he organizado una segunda cronología que abarca día a día desde 1789 hasta 1946 dividida en cuatro colecciones
