colin rhodes surveys the history and reception of outsider art first championed by dubuffet and the surrealists and provides fresh critical insights into the achievements of both major figures and newly discovered artists

the updated edition of this comprehensive overview of outsider art distinguished by its wider international scope and inclusion of global developments since 2000 outsider art is the work produced outside the mainstream of modern art by self taught untrained visionaries spiritualists recluses folk artists psychiatric patients prisoners and others beyond the imposed margins of society and the art market coined by roger cardinal in 1972 the term was intended as an english equivalent to jean dubuffet s art brut literally raw art uncooked by culture unaffected by fashion unmoved by artistic standards in this comprehensive and indispensable guide colin rhodes surveys the history and reception of outsider art first championed by dubuffet and the surrealists now appreciated by a wider public this volume provides fresh insights into the achievements of both major figures and newly discovered artists as well as the emergence of specialized studios as the relationship between outsider art and the contemporary mainstream art world has developed and become more intertwined from spirit guided madge gill and schizophrenic adolf wölfli to rosemarie koczy s expressions of trauma and nek Chand s outdoor creations these individuals passionately pursue the pictorial expression of their vision now illustrated in full color with the exception of some archival photographs this new edition has been substantially revised with a greater focus on global outsider art as well as including more recent talents to the field

outsider art is the work produced outside the mainstream of modern art by self taught untrained visionaries spiritualists recluses folk artists psychiatric patients prisoners and others beyond the imposed margins of society and the art market coined by roger cardinal in 1972 the term in english derived from jean dubuffet s art brut literally raw art uncooked by culture unaffected by fashion unmoved by artistic standards in this comprehensive and indispensable guide colin rhodes surveys the history and reception of outsider art first championed by dubuffet and the surrealists now appreciated by a wider public while providing fresh insights into the achievements of both major figures and newly discovered artists as well as the emergence of specialized studios as the relationship between outsider art and the contemporary mainstream art world has developed and become more intertwined from spirit guided madge gill to schizophrenic adolf wölfli rosemarie koczy s expressions of trauma to nek Chand s outdoor creations these individuals passionately and obsessively pursue the pictorial expression of their vision now illustrated in full colour with the exception of some archival photographs this new edition has

been substantially revised with a greater focus on global outsider art as well as including more recent talents to the field

what does it mean to be called an outsider marion scherr investigates structural inequalities and the myth of the other in western art history examining the role of outsider art in contemporary art worlds in the uk by shifting the focus from art world professionals to those labelled outsider artists she counteracts one sided representations of them being otherworldly raw and uninfluenced instead the artists are introduced as multi faceted individuals in constant exchange with their social environment employing diverse strategies in dealing with their exclusion the book reframes their voices and artworks as complex serious and meaningful cultural contributions and challenges their attested otherness in favour of a more inclusive all encompassing understanding of art

autistic people are empirically and scientifically generalized as living in a fragmented alternate reality without a coherent continuous self in part i this book presents recent neuropsychological research and its implications for existing theories of autism selfhood and identity challenging common assumptions about the formation and structure of the autistic self and autism s relationship to neurotypicality through several case studies in part ii the book explores the ways in which artists diagnosed with autism have constructed their identities through participation within art communities and cultures and how the concept of self as story can be utilized to better understand the neurological differences between autism and typical cognition this book will be of particular interest to researchers and scholars within the fields of disability studies art education and art therapy

counterculture while commonly used to describe youth oriented movements during the 1960s refers to any attempt to challenge or change conventional values and practices or the dominant lifestyles of the day this fascinating three volume set explores these movements in america from colonial times to the present in colorful detail american countercultures is the first reference work to examine the impact of countercultural movements on american social history it highlights the writings recordings and visual works produced by these movements to educate inspire and incite action in all eras of the nation s history a z entries provide a wealth of information on personalities places events concepts beliefs groups and practices the

set includes numerous illustrations a topic finder primary source documents a bibliography and a filmography and an index

medicine and psychiatry both based on science require the art of caring using the principles of art in learning and teaching sitting with a patient making sense of their distress being empathetic in understanding both the symptoms and the person and alleviating suffering needs a human touch for that doctors need the soul of an artist and must be aware of the value that arts have for society and the individual from the foreword by dinesh bhugra this comprehensive book explores how visual art cinema music poetry literature and drama can inform the teaching and practice of psychiatrists and mental health professionals edited and written by a team of expert practitioners teachers and researchers including both clinicians and users of mental health services this comprehensive book will provide valuable insights for undergraduate and postgraduate educators with teaching responsibilities in psychiatry and mental health students of the medical humanities art music and drama therapists and educators in occupational therapy and psychology will also find this a valuable and insightful handbook the authors of this wonderful handbook provide a convincing argument that the arts are good for what ails us they have each used a preferred artistic medium to deepen personal reflection and to enhance their own creativity as physicians teachers and therapists their models are clear their suggestions practical but none of the approaches you'll find here is reductive or simplistic try some of the reflective exercises and teaching strategies you will be sure to rediscover something you have always cherished about the art of healing from the foreword by allan d peterkin

this spectacular volume reproduces in full color some 150 pieces from the anthony petullo collection an extraordinary assemblage of paintings and drawings produced by individuals working outside the perimeter of conventional art training and traditions some of the pieces are fanciful even whimsical others are haunting in their unembellished depiction of vulnerability and terror some are spare others are crowded with figures some exhibit a childlike simplicity others are almost sculpted in their precision and clarity the thirty six european and north american artists represented in self taught and outsider art include a hospital janitor a factory worker concentration camp survivors a truck driver a guard at the tate gallery a self proclaimed fortuneteller and healer and a female impersonator and hollywood screenwriter their canvases include paper wood long strips of calico cloth and cardboard one artist paints with both hands simultaneously another finds it

difficult to paint except amid the chaos of his family many began painting quite late in life others had early dreams of pursuing art that were deferred by economic and family circumstances some have been institutionalized or incarcerated others have struggled with terrible poverty and personal loss perhaps more than the work of conventionally trained artists pieces by outsider or self taught artists are entwined with the identities of their creators in support of that connection self taught and outsider art presents the artworks in conjunction with portraits usually photographs of the artists and brief biographical sketches in some cases a friend or patron provides an anecdote about the artist taken together these offer an intimate glimpse of the process by which art emerges from experience

books recommended for undergraduate and college libraries listed by library of congress classification numbers

in this lucid and insightful essay renowned linguist roy harris reflects on the early nineteenth century doctrine of art for art s sake this was attacked by proudhon and nietzsche but defended by théophile gautier and e m forster it influenced movements as diverse as futurism and dada over the past two centuries three main positions have emerged the institutional view declares art to be a status conferred upon certain works by the approval of influential institutions the idiocentric view gives absolute priority to the judgment of the individual the third is the conceptual view of art which insists that what counts is the idea that inspired a work not the physical execution but as harris shows the tacit assumptions which once supported this debate and these positions have now collapsed art as a coherent category has imploded leaving behind a historical residue of empty questions that contemporary society can no longer answer the great debate about art provides much needed signposts for understanding this sorry state of affairs

how to look at outsider art is an invaluable resource to help navigate the aesthetics of this evolving field it provides an overview of the field s most exciting works some of them never before published in book form this book points out the challenges of assessing work offers guidelines for aesthetic and collecting judgments and gives accounts of some of the field s spectacular successes featuring case studies that provide in depth examinations of individual works by particular artists and that discuss their critical and popular reception the book provides the criteria that should be used to evaluate

these works of art all outsiders are not created equal and this book tells why book jacket

this timely volume challenges the narrow western centrism of most art historical models archeologists have found that for tens of thousands of years all human cultures have shared a desire for visual representation or expression yet the study of art history has traditionally focused on western artworks of the past few centuries world art studies examines the phenomenon of art through a broader cultural global and temporal perspective bringing together a uniquely exhaustive range of perspectives on art and borrowing approaches from the study of neuroscience evolutionary biology anthropology and geography as models alongside more conventional art historical perspectives in musicology or linguistics using such diverse viewpoints for reflection and research is considered part of the normal process in that spirit this volume goes beyond abstract models using case studies to demonstrate and examine specific methods of investigation book jacket

create and be recognized is the first survey of a compelling always surprising art form outsider photography presented here is the work of seventeen largely self taught artists who have used photography or photographic elements in their creations including such luminaries as adolf wolfli howard finster and henry darger as well as discoveries from little known equally dramatic artists as with most outsider art the work here is fuelled by singular passions marginalized mindsets and extreme circumstances falling outside mainstream picture making employing collage affixing photos or reproductions to a background photocollage photographs cut and pasted together to form a new whole and tableaux works based on manipulation and staging the artists here present work that is by turns lyrical and frightening and always fascinating published to coincide with a major touring exhibition of the same name originating at san francisco s yerba buena center for the arts create and be recognized documents an emerging and important facet of contemporary photography
