the book explain the concept of business ethics and human values in proper perspective and shall make the readers realise the important of value and ethics in business and provide them a framework to take ethical decisions by following a life of values a person develop certain fine qualities hope honesty courage confidence maturity helpfulness and achieve aspiration dream by using the right way of thinking and doing

professional ethics encompass the personal organizational and corporate standards of behaviour expected of professionals

the book presents a holistic picture of the good life which transcends the prevalent narrow understanding of what constitutes success fulfilment and happiness in life it

offers a fresh interpretation of human values as the collectivity of all those values which enrich the different dimensions of life material societal psychological aesthetic ethical and spiritual a harmonious realisation of all these values helps us grow as truly and fully human persons the book synthesises ideas drawn from both the classical indian value tradition and the modern western humanistic thought the two are looked upon as being complementary and not antagonistic the book should appeal to all those who are concerned about questions like how to be a good person how to live a good life and how to help create a good society it should be of special interest to professionals they are now expected not only to solve specific technical problems competently but also to examine their work in relation to the larger social ethical and human context to equip them with such competency some universities and institutes have introduced courses on value related themes the book should prove helpful as a textbook for such courses

this book is the fruition of four decades of teaching mechanical engineering subjects including quality engineering total quality management and principles of management for the bachelor and master degree courses in engineering at annamalai university and then in arunai engineering college tiruvannamalai by the author frank and continual feed back from the distinguished students and esteemed colleagues of the author obtained during teaching enthused him in shaping this book into a valuable present to the scholars pursuing engineering this book amply covers the updated syllabus of professional ethics by anna university besides the basic human values codes of ethics of major indian professional societies detailed risk analysis with illustrative examples are included further twenty four crisp case studies covering a wide spectrum of topics in professional ethics short answer questions long answer questions with hints have been appended to sustain the interest of the engineering students besides the prescribed syllabus ethics related topics such as social acceptability sa 8000 safety system ohsas 18001 and engineer manager interactions have also been explained the student community as well as the teaching fraternity is certain to enjoy using this book not only from the teaching learning point of view but also for their professional career and advancement

revised curriculum and credit framework of under graduate programme haryana according to kuk crs university syllabus as per nep 2020 published by thakur publication

today more and more organizations are realizing the importance of practising ethics in their business dealings and the engineering profession is no exception to this for any policy or practice that gives a go by to professional ethics which essentially entails fair and transparent dealings based on sound moral principles cannot enjoy the confidence of the customer for long it is in this context that a book on professional ethics is very significant this systematically organized text opens with an introduction to human values and discusses with great skill and expertise the various approaches to the study of ethical behaviour ethical theories value based ethics and the engineers responsibility for safety and risk collegiality and loyalty besides the responsibilities of engineers in organizational setting and global issues such as environmental ethics computer ethics and intellectual property rights iprs are also covered in this text the case studies lend a practical orientation to the book and the review questions sharpen the analytical skills of the students this is a must have book for the students of engineering and management

this book presents a framework for understanding human values and their role in life work business and leadership it offers an explanation for the spectrum of human behaviour from a self focused survivalist mindset that has scant regard for ethics through to compliance with laws and conventions and then to the aspiration to live a higher ethical and spiritual life the book offers a practical guide on how to develop a more ethical way of working and being both personally and in organisations rather than being an additional burden on people or organisations ethics and values are a liberating force enabling higher performance better quality relationships and an expanded sense of purpose and identity

human values and professional ethics fulfils this noble intention by providing thought provoking inputs the reader will be compelled to delve deeper into his own consciousness and explore values that will benefit him and the society it will also help the reader to develop a holistic perspective towards life the book explains the essential complementarities between values and skills to ensure sustained happiness prosperity the most delicate issues pertaining to the subject have been discussed in simple language with adequate scientific logical and practical explanations although this book is specially designed for the engineering students of gbtu the value inputs contained herein will be equally to all educational disciplines

this book is a comprehensive guide that explores the intersection of ethical principles with professional conduct in various fields it delves into the fundamental values that govern human behavior and examines their application within the context of professional settings this book offers a thorough exploration of key topics such as integrity honesty responsibility and accountability providing readers with a solid foundation for ethical decision making it covers a range of ethical dilemmas and challenges commonly encountered in professional life offering practical insights and strategies for navigating them ethically and responsibly with a focus on fostering ethical awareness and promoting ethical conduct the book offers case studies and examples to facilitate reflection and critical thinking it encourages readers to cultivate a strong ethical mindset and develop the skills necessary to uphold ethical standards in their respective professions whether you are a student educator or professional the book on human values and professional ethics serves as a valuable resource for understanding the importance of ethical behavior in professional life and cultivating a culture of integrity and accountability in the workplace

explores ethical principles and human values in professional settings fostering integrity responsibility and ethical decision making in workplaces

ethics is a central part of our lives it is as basic and pervasive as thinking and feeling and it is not just what keeps us compliant with the law it is the gateway to the quality of our relationships and the spiritual fulfilment of our lives the little book of ethics introduces us to ethics through the lens of values and offers us five core human values honesty peace right action love and insight it shows how these values are applied in different domains of our lives and relates them to six aims of human life where ethics is united with meaning and purpose

edugorilla publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources specializing in competitive exams and academic support edugorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels

it is a comprehensive and erudite work on the subject by the scholar of repute who has contributed as many as nine books on the various aspects of human values i e education culture literature etc there are good numbers of books on values with the educational point of view but very few evincing to the inter disciplinary approach the present one is the inter disciplinary study encompassing psychology ethics philosophy theology culture education and management etc within the circumference of human values in indian perspectives every man has to foster certain values since all his major decisions are regulated by the values he fosters how to choose values whether from the set of values prescribed by the society or according his inner psychological obligations or keeping in view merely material gains these are a few burning questions bothering every man in this regard the author has tried to enhance his pragmatic suggestions here and there through critical analysis which is really thought provoking
