this new york times bestseller is a blistering critique of the gulf between america s soldiers and the society that sends them off to war in breach of trust andrew j bacevich takes stock of the separation between americans and their military tracing its origins to the vietnam era and exploring its pernicious implications a nation with an abiding appetite for war waged at enormous expense by a standing army demonstrably unable to achieve victory among the collateral casualties are values once considered

central to democratic practice including the principle that responsibility for defending the country should rest with its citizens citing figures as diverse as the martyr theologian Dietrich Bonhoeffer and the marine turned anti-warrior Smedley Butler. Breach of Trust summons Americans to restore that principle rather than something for other people to do. National defense should become the business of we the people. Should Americans refuse to shoulder this responsibility, Bacevich warns, the prospect of endless war waged by a foreign legion of professionals and contractor mercenaries beckons. So too does bankruptcy: moral as well as fiscal scorching. Heartbreaking, Bacevich dismantles the warrior myth we civilians and politicians so enjoy worshiping from afar and replaces that idol with flesh and blood vulnerable humans who deserve better than the profligate wasteful way in which we treat them. Rachel Maddow's New York Times book review reveals the civil-military dysfunction that made this a nation of endless conflicts waged by a professional warrior class for a public that has traded civic virtue for mindless flag-waving. This is an original, provocative and invaluable book for anyone who hasn't given up on America. New York Times bestselling author Nick Turse.

Jake Sullivan is a war hero, a private investigator, and an ex-con. He's free because he has a magical talent: being able to alter the force of gravity in himself and objects in his vicinity. The Bureau of Investigation calls on him when they need his help in apprehending criminals with their own magical talents. But the last operation he was sent along to help with went completely wrong, and Delilah Jones, the woman the G-men were after, who just happened to be an old friend of Jake's in happier times, had a lot of magical muscle with her. Too much muscle for the cops to handle. Even with Jake's help, it got worse. Jake found out that the feds had lied to him about Delilah being a murderer as well as a bank robber, and they had lied about this being his last job for them. He was too valuable for them to let him go, and things were even worse than Jake imagined. There was a secret war being waged by opposing forces of magic users, and Jake had no idea that he had just attracted the attention of one side whose
