contents 1 introduction 2 life and times of al ghazzali 3 ghazzali s philosophical credentials 4 ghazzali s philosophy 5 ghazzali s method of doubt and his views on epistemology with special reference to rene descartes 6 ghazzali s impact on medieval western philosophers 7 ghazzali s impact on ibn tufayl 8 ghazzali s impact on ibn rushd 9 ghazzali s impact on modern western philosophers 10 conclusions

the life and legacy of one of mohammad s closest confidants and islam s patron saint ali ibn abi talib ali ibn abi talib is arguably the single most important spiritual and intellectual authority in islam after prophet mohammad through his teachings and leadership as fourth caliph ali nourished islam but muslims are divided on whether he was supposed to be mohammad s political successor and he continues to be a polarizing figure in islamic history hassan abbas provides a nuanced compelling portrait of this towering yet divisive figure and the origins of sectarian division within islam abbas reveals how after mohammad ali assumed the spiritual mantle of islam to spearhead the movement that the prophet had led while ali s teachings about wisdom justice and selflessness continue to be cherished by both shia and sunni muslims his pluralist ideas have been buried under sectarian agendas and power politics today abbas argues ali s legacy and message stands against that of isis al qaeda and taliban

in 680 c e a small band of the prophet muhammads family and their followers led by his grandson husain rose up in a rebellion against the ruling caliph yazid the family and its supporters hopelessly outnumbered were massacred at karbala in modern day iraq the story of karbala is the cornerstone of institutionalized devotion and mourning for millions of shii muslims apart from its appeal to the shii community invocations of karbala have also come to govern mystical and reformist discourses in the larger muslim world indeed karbala even serves as the archetypal resistance and devotional symbol for many non muslims until now though little scholarly attention has been given to the widespread and varied employment of the karbala event in reliving karbala syed akbar hyder examines the myriad ways that the karbala symbol has provided inspiration in south asia home to the worlds largest muslim population rather than a unified reading of islam hyder reveals multiple sometimes conflicting understandings of the meaning of islamic religious symbols like karbala he ventures beyond traditional scriptural interpretations to discuss the ways in which millions of very human adherents express and practice their beliefs by using a panoramic array of sources including musical performances interviews nationalist drama and other literary forms hyder traces the evolution of this story from its earliest historical origins to the beginning of the twenty first century today karbala serves as a celebration of martyrdom a source of personal and communal identity and even a tool for political protest and struggle hyder explores how issues

related to gender genre popular culture class and migrancy bear on the cultivation of religious symbols he assesses the manner in which religious language and identities are negotiated across contexts and continents at a time when words like martyrdom jihad and shiism are being used and misused for political reasons this book provides much needed scholarly redress through his multifaceted examination of this seminal event in islamic history hyder offers an original complex and nuanced view of religious symbols

**publisher description**

the series religion and society rs contributes to the exploration of religions as social systems both in western and non western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media in addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series

islamic civilization flourished in the middle ages across a vast geographical area that spans today s middle and near east first published in 2006 medieval islamic civilization examines the socio cultural history of the regions where islam took hold between the 7th and 16th centuries this important two volume work contains over 700 alphabetically arranged entries contributed and signed by international scholars and experts in fields such as arabic languages arabic literature architecture history of science islamic arts islamic studies middle eastern studies near eastern studies politics religion semitic studies theology and more entries also explore the importance of interfaith relations and the permeation of persons ideas and objects across geographical and intellectual boundaries between europe and the islamic world this reference work provides an exhaustive and vivid portrait of islamic civilization and brings together in one authoritative text all aspects of islamic civilization during the middle ages accessible to scholars students and non specialists this resource will be of great use in research and understanding of the roots of today s islamic society as well as the rich and vivid culture of medieval islamic civilization

the book was written in reply to a booklet what is shi aism which was written by an unknown writer and being distributed throughout east africa by the wahhabis in order to spread discord it has been written not to hurt the feelings

of anyone but to differentiate fact from fiction and to clear the air against shi aism

this book seeks guidance from the prophet muhammad s life for muslims living as a minority prominent examples include how islam was practised in makkah under constant prejudice how muslims led their lives as migrants in abyssinia and how muslim minorities were treated by the islamic state of madinah

the important role of the prophet muhammad in the everyday lives of muslims is usually overlooked by western scholars and has consequently never been understood by the western world using original sources in the various islamic languages annemarie schimmel explains the central place of muhammad in muslim life mystical thought and poetry she sees the veneration of muhammad as having many parallels in other major religions in order to understand muslim piety it is necessary to take into account the long history of the veneration of muhammad schimmel discusses aspects of his life birth marriage miracles and heavenly journey all of which became subjects for religious devotions by using poetic texts and artistic expressions and by examining daily muslim religious practices schimmel shows us the gentler side of islamic religious culture providing a much needed understanding of religion as it is experienced and practiced in the islamic world this is the first book in english to deal with all aspects of the veneration of the prophet muhammad it is an expanded version of schimmel s und muhammad ist sein prophet originally published in german in 1981

the encyclopaedia of islam second edition sets out the present state of our knowledge of the islamic world it is a unique and invaluable reference tool an essential key to understanding the world of islam and the authoritative source not only for the religion but also for the believers and the countries in which they live
