i have seen brand new investors and traders around the world waste a serious amount of valuable education and training time on learning information that will not do them any good and can even cause them to lose some of their hard earned money right away in the live markets no one wants that however it is a huge mistake that virtually all brand new traders make because they don't know any better after reading this book you will i don't care where you trade from or what you trade dubai to detroit or mumbai to manhattan doesn't matter because a chart is a chart and supply and demand is supply and demand period live markets don't work any other way no matter where in the world you are or what your trading even camels or goats new traders all around the world spend waaaaay too much time on looking for the magical combination of indicators settings and colors they think will show them something

that is going to help them make more money there are no shortcuts or bells that go ding to tell you to enter the right position so stop looking right now and if you are using something like that and you re losing money that is why all you need to see is right in front of you on the price chart and that is price and time those are the only things that professional traders care about and nothing else you can certainly use your chart like a crystal ball to tell you where price will go with a high degree of certainty when you are done reading this book you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education the information in this book will put you on the fast track to becoming a successful self directed investor and trader no matter where you trade from in the world or what you trade with very little money invested this book gives you the brutal and harsh truth of what happens in real life in real time and in real money in the worlds live markets every day there are no short cuts and you must do the time if you want to drive your own money train to the bank

investing and trading is a business the business of making money with money and should be treated as such in any business you have to work whether you are the owner or you work for someone you have to put in the time if you want to drive your own money train to the bank every day and the best part of it is that you don t need any fancy junkware or a hugely expensive charting package to tell you how to enter a trade in fact you only really need a basic charting platform which you most likely can get from your broker for free the road to success in investing and trading is paved with the smoking blown up accounts of investors and traders it did not have to be a long hard and expensive road though it can be a road paved with gold and be fairly easy if you just take time to learn this business the right way from the start on your first day trust me the simpler you keep your stock trading the more money you will make use this book as an overview or a guide if you will for what to study and learn first to become consistently profitable from day trading i give you concise information as to what to learn first and what to look for as far as further information is concerned i tell you only the most critical things to learn first because those are absolutely the most important and the ones that will make you money right away if you do them this book is written to provide straightforward easy to understand and easy to apply advice tips and techniques that can be the backbone of any stock trader s success in the financial markets

stock options trading strategies do you want to understand options trading and its strategies to maximize gaining income if yes then keep reading options are the ideal vehicle for expanding your influence permitting you to transform a little speculation into exponentially huge prizes they can likewise be used to protect your interests if

there should be an occurrence of a market downturn options are devices that each investor ought to understand and possibly put to use this book will familiarize you with all the intricate details of investment opportunities from fundamentals to progressively intriguing straddles and spreads you ll have a total understanding of trading options and have the option to place them to use in your portfolio executing both basic and further developed systems this book allows you to understand why options do what they do note the word understand i will not describe a phrase without explaining how it applies to trade options i won t tell you how to open a trade and leave you stranded you can learn how to unlock handle and exit places i do not set out rules to obey instead you get thorough explanations and recommendations that enable you to make your own decisions several trade options are confidential and i cannot know your particular circumstances i m trying to help you find trades and make market strategies that suit your appetite for risk and financial goals we re going to work inside your comfort zone this book covers the following topics understanding options options strategies how and where to trade options risk management and mindset money management and trading plan how to maximize profits with options trading and much more day trade for a living do you want to learn how to day trade for a living if yes then keep reading day trading is a form of trading where trades are opened and closed on the same day enabling the trader to capitalize on marginal gains earned through the market s day to day volatility when you are a day trader your goal is to identify what stocks will likely shift into favor that day so that you can conduct your trades accordingly generally day traders will buy their stocks in the morning and hold onto those stocks until later in the day when the marginal gains have accumulated enough to earn a significant profit then they will close the trade by selling the stocks before the end of the day so that they are not left holding any stocks after the market closes utilizing the day trading strategy means that your goal is to always be free of stocks in the evening to ensure that you are not exposing yourself to the risk of overnight price changes as with any form of trading you want to minimize your risk by never staying in the market longer than you intended to as doing so could expose you to unforeseen changes that can lead to significant losses this book covers risk and account management how to find stocks for trades tools and platforms transactions borrowings and fiscal costs advanced options trading strategies and so much more
