what s more miserable than trying to walk with a stone in your shoe many american evangelicals are experiencing pain and discomfort in their relationship to the church stones in their shoes make the faith journey uncomfortable and increasingly untenable they either leave the church altogether become church shoppers or live on the margins of the church as outliers this book presents the vantage point of a lifelong evangelical pastor and religious educator who sees himself as an outlier walters draws on decades of pastoral life and classroom experience to engage the church in a conversation aimed at clarifying the concerns and discomforts of evangelical outliers while this is one person s story it intersects with the stories of many others in american evangelicalism especially clergy in identifying the stones which trouble and discomfort so many like him walters continually calls the church his church back to its biblical and theological foundations

god is up to something big the bible dedicates more space to prophecy than to any other subject these prophetic portions of scripture have received an enormous amount of literary attention throughout the history of the church over the past fifty years alone countless books have been written about the biggest global trends of our day and whether they are signs of the coming end times but one sign has been inexplicably neglected revival wallace henley believes such a spiritual awakening is not only possible today but probable and likely a harbinger of the end times where are we on the timeline of human history are we approaching the rapture of the church henley presents a meticulously researched and compelling case that the welsh revival and the historical cycle revealed in god s redemptive interactions with nations make it highly likely that our contemporary world is ripe for the lightning of another

revival henley is confident that we will be a part of that worldwide event perhaps moving all creation nearer to its sudden glorious conclusion and rebirth

yahweh the lord god and his son yahshuah jesus christ made statements with regard to eschatology that have been spiritualized for over a millennium which has led to the belief in universalism the belief that yahshuah died for everyone well after one studies the original languages of the hebrew aramaic and greek the message of the kingdom of god was preached to and accepted by a certain house in the bible the other house rejected this message and yahshuah punished that house by taking the kingdom away from them and giving it to another nation bringing forth fruit there are only the house of israel the house of judah and the house of david mentioned in the bible all three existed then as they do today however most of today s babylonian priesthood churchianity refuses to accept the secular historical position with regard to the house of israel and who they are today the people groups which yahweh and yahshuah addressed still exist today however these people are all mixed up and known by different names but they do exist this book goes back to the origin of these people groups in the bible and brings them forward to the present using their old names in order to understand eschatology this brings us to the major question of is the bible only about israel and if so how does it affect our eschatology today this book answers these hard questions

wow where did that thought come from if you ve ever had that thought this book is for you everything starts with a thought great ideas and inventions for example but also horrible ideas and sin starts with a thought as well so what is a person to do are we doomed to simply be the bearers of whatever thoughts race through our minds at any given time by no means as children of god we have everything we need to live well starting with the thoughts in our minds we are not captives to our thoughts but in fact we can take our thoughts captive this book looks at four different aspects that lead to developing a theology of a sound mind and a good thought life to build a sound mind one must be actively involved in the process the information gained on what a sound mind is how to improve and activate it and healthy habits to incorporate to strengthen the mind should be continually applied both for our benefit and most importantly so each person can honor and glorify god to the best of their ability
