a chicago tribune best books of 2014 a slate best books 2014 staff picks a st louis post dispatch best books of 2014 the fascinating story of one of the most important scientific discoveries of the twentieth century we know it simply as the pill yet its genesis was anything but simple jonathan eig's masterful narrative revolves around four principal characters the fiery feminist margaret sanger who was a champion of birth control in her campaign for the rights of women but neglected her own children in pursuit of free love the beautiful katharine mccormick who owed her fortune to her wealthy husband the son of the founder of international harvester and a schizophrenic the visionary scientist gregory pincus who was dismissed by harvard in the 1930s as a result of his experimentation with in vitro fertilization but who after he was approached by sanger and mccormick grew obsessed with the idea of inventing a drug that could stop ovulation and the telegenic john rock a catholic doctor from boston who battled his own church to become an enormously effective advocate in the effort to win public approval for the drug that would be marketed by searle as enovid spanning the years from sanger's heady greenwich village days in the early twentieth century to trial tests in puerto rico in the 1950s to the cusp of the sexual revolution in the 1960s this is a grand story of radical feminist politics scientific ingenuity establishment opposition and ultimately a sea change in social attitudes brilliantly researched and briskly written the birth of the pill is gripping social cultural and scientific history

for more than two decades millions of consumers have trusted the pill book to provide official fda approved drug information plus guidelines from leading pharmacists each drug is profiled in a concise readable and easy to understand entry making the pill book the perfect reference when you have questions about the medications your doctor prescribes the most up to date information about the more than 1 800 most commonly prescribed drugs in the united states generic and brand name listings that can help you save money what the drug is for and how it works usual dosages and what to do if a dose is skipped side effects and possible adverse reactions highlighted for quick reference interactions with other drugs and food overdose and addiction potential alcohol free and sugar free medications the most popular self injected medications and their safe handling information for seniors pregnant and breast feeding women children and others with special needs cautions and warnings and when to call your doctor 32 pages of actual size color photographs of prescription pills

an eye opening no holds barred guide to contraception written by campaigner journalist and documentary maker kate muir everything you need to know about the pill but were too afraid to ask is the thinking woman's guide to contraception bringing you answers to all those questions that have been hidden behind

a veneer of misplaced shame bad science and centuries of patriarchy what s happening to my body and my mind which method of contraception is best for me do i really need to take a pill break every three weeks what about men where s their pill muir draws on interviews with the leading medical experts in the field interlaced with her own tumultuous journey with different types of contraception and the personal stories of women from all walks of life sharing their varied experiences and hard earned wisdom muir also questions why the current medical establishment is getting contraception so wrong as she debunks the myths and exposes the sloppy science and hysterical headlines that have had a negative impact on women s health for the last twenty years this ground breaking guide is a social cultural and scientific exploration into a criminally overlooked and under discussed part of women s lives it is a manifesto for change calling for equality in healthcare and an entirely new and long overdue approach to women s health praise for everything you need to know about the menopause but were too afraid to ask i have huge respect for kate a forensic journalist and menopause warrior davina mccall the research kate has done is phenomenal and so impressive everyone needs a copy of this book on their bookshelves dr louise newson

over 300 of the most abused psychoactive drugs in the united states generic brand and street names cautions side effects addictive potential drug interactions withdrawl and overdose symptoms and treatment information on drug dependence and addiction how to test yourself for a drug problem how to get help 16 pages of actual size color photographs of prescription pills and lookalikes back cover
