this publications awakens the believer to a myriad of spiritual laws and principles of god which he can take advantage of and enter deeper realms of the spirit it is worth exploring the divine truth that there are laws and principles that god has put in place by which he governs the universe these are categorically physical laws which govern the natural realm and spiritual laws which govern the realm of the spirit for example there is a law of gravity which stipulates that if you throw an object up in the air it will evidently crash back onto the earth the law of floatation which allows ships and boats to float on water the law of aerodynamics that enables aeroplanes to fly and the law of electricity which helps us generate heat and light energy the reality is that when we operate in obedience to these physical laws within nature we reap positive results but when we violate them the repercussions are severe however as much as there are physical laws there are also spiritual laws which are the highest class of laws governing and controlling the entire universe in the spiritual realm god has established a court system with laws principles and divine protocols which functions just like the court system of the natural realm just like physical laws when we corporate with these spiritual laws we reap alarming results but when we violate them we face the consequences it s a pity that most people do not understand the operation of these divine laws and protocols which explains why the devil ends taking advantage of their ignorance thus gaining a legal foothold that grants him the right to ensnare them into debilitating circumstances of poverty sickness and defeat there are certain principles that one can tap into in order to walk into the deeper realities of god s power just like there are laws of gravity which governs how to operate in the natural realm there are also spiritual laws that govern the spirit realm or how to operate in the realm of the miraculous these laws of the supernatural complement each other and are progressions to enter into the greater depths of god each of these laws has a specific manifestation that produces something special however it is unfortunate that many believers are failing to operate in the realm of the miraculous because they do not understand spiritual laws and principles which they could take advantage of to generate positive results spiritual laws and principles are therefore vital keys that unlock the doors into the supernatural and accentuate an avenue through which the power of god can flow it is a typical scenario in the body of christ that so many people have the power but they do not know how to release it having the power is one thing and knowing how to tap into the realm of god to release that power is a completely different reality in the church of jesus christ today god has invested upon believers tremendous overwhelming and explosive power and authority but that power is not released as it should because of lack of understanding of spiritual laws and principles governing the realm of the spirit they have the exousia power but they are not realizing how to tap activate and exercise it failure to tap into the realm of power is what is allowing their homes to be plundered by the enemy without taking authority against it just like adam allowed the serpent to tempt eve and deceive her in his presence it has been noted that a lot of christians are allowing satan to dominate their lives and wreak

havoc in their families while they are busy crying to god for help learning how to tap into the set spiritual laws and principles is therefore vital in birthing forth supernatural manifestations of god s power you are definitely guaranteed to launch into the greater depths of the miraculous if these spiritual laws and principles are correctly applied practised and activated
