critical thinking is the essential tool for ensuring that students fulfill their promise but in reality critical thinking is still a luxury good and students with the greatest potential are too often challenged the least thinking like a lawyer introduces a powerful but practical framework to close the critical thinking gap gives teachers the tools and knowledge to teach critical thinking to all students helps students adopt the skills habits and mindsets of lawyers empowers students to tackle 21st century problems teaches students how to compete in a rapidly changing

global marketplace colin seale a teacher turned attorney turned education innovator and founder of thinklaw uses his unique experience to introduce a wide variety of concrete instructional strategies and examples that teachers can use in all grade levels and subject areas individual chapters address underachievement the value of nuance evidence based reasoning social emotional learning equitable education and leveraging families to close the critical thinking gap

aimed at law students and upper level undergraduates this primer on legal reasoning is also an original exposition of basic legal concepts that scholars and lawyers will find stimulating schauer s analysis of what makes legal reasoning special will be a valuable guide for students and a challenge to a wide range of current academic theories

a book on legal philosophy necessarily focuses attention on law in addition to this focus an introduction to an african legal philosophy focuses attention on philosophy the link between law and philosophy is brought into relief which is done through an african context an attempt is made to spell out what is african about legal philosophy without being cut off of african legal philosophy from non african legal philosophy the book draws attention to the view that a basic component of african legal philosophy consists of an investigation of what it is to be an african and because an african is a human being among other human beings the investigation is about what it is to be a human being ubuntuism is an african derived word that captures this mode of being human moreover because human beings are cultural beings african cultural context guides the investigation inescapably it is claimed that every legal philosophy is embedded in a culture african legal philosophy is not an exception it is deeply rooted in african culture a culture that is today shaped in part by a european colonialist culture one feature that will strike one as one reads the book is that the book approaches african legal philosophy as a means of decolonization of african culture african legal philosophy can accomplish this intelligently and effectively if it is itself decolonized in doing this it contrasts sharply with mainstream western legal philosophy

this is a book about thinking and reasoning more particularly it is about the thinking reasoning and argumentative methods of lawyers and judges which may or may not be different from the thinking reason ing and argumentative methods of ordinary people whether lawyers think reason and argue differently from ordinary folk is a question and not an axiom but it is nonetheless the case that certain techniques of reasoning are thought to be characteristic of legal decision making the focus of this book is on those techniques its aim is partly to make a serious academic contribution to thinking about various topics in legal reasoning but mostly it is to introduce beginning and prospective law students to the nature of legal thinking
