prolific munitions production keyed america s triumph in world war ii but so did the complex economic controls
needed to sustain that production artillery tanks planes ships trucks and weaponry of every kind were constantly
demanded by the military and readily supplied by american business while that relationship was remarkably successful
in helping the u s win the war it also raised troubling issues about wartime economies that have never been fully
resolved paul koistinen s fourth installment of a monumental five volume series on the political economy of american
warfare focuses on the mobilization of national resources for a truly global war koistinen comprehensively analyzes all
relevant aspects of the world war ii economy from 1940 through 1945 describing the nation s struggle to establish
effective control over industrial supply and military demand and revealing the growing partnership between the
corporate community and the armed services koistinen traces the evolution of federal agencies mobilizing for war
including the national defense advisory commission the office of production management and the supply priorities and
allocation board and then focuses on the work of the war production board from 1942 1945 as the war progressed
the wpb and related agencies oversaw the military s supply and procurement systems stabilized the economy while

financing the war closely monitored labor relations and controlled the shipping and rationing of fuel and food in chronicling american mobilization koistinen reveals how representatives of industry and the armed services expanded upon their growing prewar ties to shape policies for harnessing the economy and how federal agencies were subsequently riven with dissension as new deal reformers and anti new deal corporate elements battled for control over mobilization itself as the armed services emerged as the principal customers of a command economy the military industrial nexus consolidated its power and ultimately succeeded in bending the reformers to its will the product of exhaustive archival research arsenal of world war ii shows that mobilization meant more than simply harnessing the economy for war it also involved struggles for power and position among a great many interest groups and ideologies nearly two decades in the making it provides an ambitious and enormously insightful overview of the emergence of the military industrial economy one that still resonates today as america continues to wage wars around the globe
