education is of relevance to everyone but it involves a specialized vocabulary and terminology which may be opaque or unfamiliar to those new to the field this uk focused dictionary of education provides clear and concise definitions for over 1 100 terms from a to zero tolerance that anyone studying education or working in the field is likely to encounter coverage includes all sectors of education pre school primary secondary further and higher education special needs adult and continuing education and work based learning it also includes major legislation key figures and organizations and national curriculum and assessment terminology this second edition covers all the contemporary reforms being introduced to revise the school examinations system and to reform the process of initial teacher training in england and wales coverage of the vocabulary of education has also been increased and longer and more detailed entries are included for terms relating to disability and inclusive practice such as autistic spectrum disorder attention deficit and dyslexia and to professional development such as mentor entries regarding projects and initiatives that are now obsolete have been deleted the dictionary features entry level web links accessible and kept up to date via the dictionary of education companion website detailed appendices include a timeline summary of landmark educational legislation since 1945 and a glossary of acronyms in addition there is a useful fully cross referenced section of comparative terms used in the us canada australia and south africa this concise yet authoritative dictionary is essential for all students of education teachers and lecturers on development programmes and it is strongly recommended for governors classroom assistants and parents

contains information on a variety of subjects within the field of education statistics including the number of schools and colleges enrollments teachers graduates educational attainment finances federal funds for education libraries international education and research and development

statistical information on the whole range of american education is presented in this volume coverage ranges from kindergarten through graduate school and is based upon data from both government and private sources the main part of the book is composed of the following chapters all levels of education elementary and secondary education federal programs for education and related activities outcomes of education international comparisons of education and learning resources and technology supplemental sections on population trends attitudes towards education education characteristics of the labor force government finances and economic trends provide the background needed for evaluating education data

the life course of serious and violent youth grown up addresses significant gaps in the literature on youth involved in chronic serious and violent offending through longitudinal research and a long follow up into adulthood it challenges common perceptions about offending outcomes using theoretically grounded

methodologically sophisticated and empirically driven research this book culminates 20 years of data emerging from the incarcerated serious and violent young offender study isvyos initiated in 1998 to understand the origins of serious and violent youth offending it follows 1 719 formerly incarcerated youth through adulthood and offers a contemporary perspective to questions about chronic offending in adolescence and social and offending outcomes in adulthood the authors provide a theoretically framed examination of new findings from the isvyos regarding participants justice system involvement from onset to persistence to desistance most participants experienced continued involvement in the justice system in adulthood however contrary to past literature isvyos findings challenge static descriptions of chronic offending and notions of the youth super predator isvyos findings also challenge assertions that experiences and risk factors in childhood and adolescence are not informative of adult justice system involvement together the findings call for a more humanistic approach that recognizes that the complex lives of individuals formerly incarcerated in adolescence implies that desistance does not happen by default this book will be of great interest to scholars researchers and students of forensic psychology developmental and life course criminology youth justice and violent crime
