finally available a high quality book of the original classic edition of stained glass of the middle ages in england and france it was previously published by other bona fide publishers and is now after many years back in print this is a new and freshly published edition of this culturally important work by hugh arnold which is now at last again available to you get the pdf and epub now as well included in your purchase you have stained glass of the middle ages in england and france in epub and pdf format to read on any tablet ereader desktop laptop or smartphone simultaneous get it now enjoy this classic work today these selected paragraphs distill the contents and give you a quick look inside stained glass of the middle ages in england and france look inside the book it must be clearly understood then that the colour effects which are the glory of the art are not directly produced by painting at all 5 but by the window being built up of a multitude of small pieces of white and coloured glass glass that is coloured in the making and of which the artist must choose the exact shades he needs cut them out to shape and fit them together to form his design using a separate piece for every colour or shade of colour when the window is finished these pieces are put together like a puzzle and joined by

grooved strips of lead soldered at the joints just as any lattice window is put together and until glass was made in large pieces this was the only way of filling a window but before this is done the details of the design features folds of drapery patterns and so on are painted on the glass in an opaque brownish enamel made of oxide of iron and other metals ground up with a soft glass i e 6 glass with a low melting point
