the church finds itself in a period of great diversification and multiple expressions in the midst of great change we have become confused about what really makes for healthy and authentic pastoral leadership what are the basic and common characteristics necessary for pastors to be effective how can lay people understand the pastoral call more fully and partner better with pastors for the health of their church here Mannoia and Walkemeyer examine the foundations of pastoral effectiveness and bring together nine experienced pastoral leaders to discuss the basic characteristics that exist in effective pastors regardless of context or personality ineffectiveness in pastors and subsequent ill health in churches is often not the result of a lack of calling but instead is the result of misappropriated efforts to find success let's help those who are called to be good stewards of their call and let's help churches have a chance to be healthy under the leadership of effective pastors

imagine an organizational model for church leadership that enables the entire team to unleash their full potential the joy and vigor coming from a collective strength intelligence and skill in the community of leaders not only brings greater potency but better yields for your ministry what would it be like to see this kind of healthy leadership reproduced into the second third and fourth generation on multiple strands leveraging the metaphor Ori Brafman popularized in his NYT best selling book the starfish and the spider Rob Wegner Lance Ford and Alan Hirsch show

how to take a close look at your church's organizational structure and how to adapt instead of simply adopt a certain kind of structural approach how churches can function without a rigid central authority making them nimbler in reacting to external forces how seeding starfish networks inside today's churches will prepare the church of tomorrow to be agile while maintaining the accountability to be effective the starfish and the spirit is about creating a culture where church leaders view themselves as curators of a community on a mission not the source of certainty for every question and project it's about creating a team of humble leaders in the middle of the church not at the top leaders who naturally reproduce multiple generations of leaders from the middle out

leadership is not position it's influence do you have ideas for change but feel powerless to make them happen do you try to respect your leaders authority but yearn for them to see your vision discover how to spark change just as young men and women in the bible did people in your community church or nation will begin to follow you soon you will be leading transformation regardless of your title age or qualifications learn to be a leader now influence comes at the perfect time to provide clear answers in the quest for change a book to read and teach to the new generation dr daniel kouakou faculty member of the john maxwell team côte d'ivoire when i started reading i couldn't stop influence is as compelling as it is practical boldly refreshing desperately needed this is a core resource for leaders and aspiring leaders dr joy mbaabu lawyer and conflict resolver kenya i highly recommend this book to any christian hoping to make a difference prof faustin ntamushobora president of transformational leadership in africa rwanda
