carlos arnaldo schwantes has revised and expanded the entire work which is still the most comprehensive and balanced history of the region this edition contains significant additional material on early mining in the pacific northwest sea routes to oregon in the early discovery and contact period the environment of the region the impact of the klondike gold rush and politics since 1945 recent environmental controversies such as endangered salmon runs and the spotted owl dispute have been addressed as has the effect of the cold war on the region s economy the author has also expanded discussion of the roles of women and minorities and updated statistical information

a collection of fifty three myths and legends taken from the folklore of the indians of the pacific northwest

the congressional record is the official record of the proceedings and debates of the united states congress it is published daily when congress is in session the congressional record began publication in 1873 debates for sessions prior to 1873 are recorded in the debates and proceedings in the congress of the united states 1789 1824 the register of debates in congress 1824 1837 and the congressional globe 1833 1873

excerpt from a history of the pacific northwest the new material accumulated during the past twelve years since the original

publication of the history of the pacific northwest has rendered necessary not a mere revision of that work but on many essential points a complete rewriting of it this is notably true of the chapters dealing with the history of the oregon boundary negotiation between the united states and great britain it is true also of parts of the balance of the early part of the work moreover since the movement in this comparatively new region is very rapid and a single decade sometimes revolutionizes conditions it was felt to be necessary to add special chapters on the progress of agriculture industry and commerce and social and political change with this additional matter it would seem as if the story of the pacific northwest were in this book brought down to the actual present about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

a quiet revolution is taking place in america s forests once seen primarily as stands of timber our woodlands are now prized as a rich source of a wide range of commodities from wild mushrooms and maple sugar to hundreds of medicinal plants whose uses have only begun to be fully realized now as timber harvesting becomes more mechanized and requires less labor the image of the lumberjack is being replaced by that of the forager this book provides the first comprehensive examination of nontimber forest products ntfps in the united states illustrating their diverse importance describing the people who harvest them and outlining the steps that are being taken to ensure access to them as the first extensive national overview of ntftp policy and management specific to the united states it brings together research from numerous disciplines and analytical perspectives such as economics mycology history ecology law entomology forestry geography and anthropology in order to provide a cohesive picture of the current and

potential role of ntfps the contributors review the state of scientific knowledge of ntfps by offering a survey of commercial and noncommercial products an overview of uses and users and discussions of sustainable management issues associated with ecology cultural traditions forest policy and commerce they examine some of the major social economic and biological benefits of ntfps while also addressing the potential negative consequences of ntfp harvesting on forest ecosystems and on ntfp species populations within this wealth of information are rich accounts of ntfp use drawn from all parts of the american landscape from the pacific northwest to the caribbean from honey production to a review of nontimber forest economies still active in the united states such as the ojibway harvest of plants recounted here the book takes in the whole breadth of recent ntfp issues including ecological concerns associated with the expansion of ntfp markets and ntfp tenure issues on federally managed lands no other volume offers such a comprehensive overview of ntfps in north america by examining all aspects of these products it contributes to the development of more sophisticated policy and management frameworks for not only ensuring their ongoing use but also protecting the future of our forests

distributed by the university of nebraska press for caxton press the lawlessness of the frontier towns of the plains states is well documented however as silver and gold deposits were found in the pacific northwest the rush of miners and speculators that brought to the region brought with it its own share of crime and criminals author bill gulick sticks to the facts in telling the stories of this region but does so in swift conversational prose that entertains and educates

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the
