socialization is predominately an unconscious process by which a new born child learns the values beliefs rules and regulations of society or internalizes the culture in which it born social control is described in detail at the end of the book it is intended as a book for undergraduate and postgraduate students of sociology and a reference tool to the researchers and academic professionals this comprehensive and well structured book presents in a systematic way the social control and social change the book is undoubtedly a valuable asset for the students researchers as well as teachers of sociology in addition general readers concerned with social aspects and social progress will find it extremely informative

over the past two decades theorists and researchers have given increasing attention to the effects both beneficial and harmful of various control related motivations and beliefs

people's notions of how much personal control they have or desire to have over important events in their lives have been used to explain a host of performance and adaptational outcomes including motivational and performance deficits associated with learned helplessness abramson seligman teasdale 1978 and depression abramson metalsky alloy 1989 adaptation to aging baltes baltes 1986 rodin 1986 cardiovascular disease matthews 1982 cancer sklar anisman 1979 increased reports of physical symptoms pennebaker 1982 enhanced learning savage perlmutter monty 1979 achievement related behaviors dweck licht 1980 ryckman 1979 and post abortion adjustment mueller major 1989 the notion that control motivation plays a fundamental role in a variety of basic social psychological processes also has a long historical tradition a number of theorists heider 1958 jones davis 1965 kelley 1967 for example have suggested that causal inferences arise from a desire to render the social world predictable and controllable similarly control has been implicated as an important mediator of cognitive dissonance wicklund brehm 1976 and attitude phenomena brehm brehm 1981 kiesler collins miller 1969 despite the apparent centrality of control motivation to a variety of social psychological phenomena until recently there has been relatively little research explicitly concerned with the effects of control motivation on the cognitive processes underlying such phenomena cf

this book investigates how the concept of social control has been used to capture the ways in which individuals communities and societies respond to a variety of forms of deviant behaviour in so doing the book demonstrates how an appreciation of the meanings of the concept of social control is vital to understanding the dynamics and trajectories of social order in contemporary late modern societies

in this completely revised edition of one of the foundational texts of network sociology harrison white refines and enlarges his groundbreaking theory of how social structure and culture emerge from the chaos and uncertainty of social life incorporating new contributions from a group of young sociologists and many fascinating and novel case studies identity and control is the only major book of social theory that links social structure with the lived experience of individuals providing a rich perspective on the kinds of social formations that develop in the process going beyond traditional sociological dichotomies such as agency structure individual society or micro macro identity and control presents a toolbox of concepts that will be useful to a wide range of social scientists as well as those working in public policy management or associational life and beyond to any reader who is interested in understanding the dynamics of social life

social learning theory has been called the dominant theory of crime and delinquency in the united states yet it is often misrepresented this latest volume in the distinguished advances in criminological theory series explores the impact of this theory some equate it with differential association theory others depict it as little more than a micro level appendage to cultural deviance theories there have been earlier attempts to clarify the theory's unique features in comparison to other theories and others have applied it to broader issues these efforts are extended in this volume which focuses on developing applying and testing the theory on a variety of criminal and delinquent behavior it applies the theory to treatment

and prevention moving social learning into a global context for the twenty first century this comprehensive volume includes the latest work tests and theoretical advances in social learning theory and will be particularly helpful to criminologists sociologists and psychologists it may also be of interest to those concerned with current issues relating to delinquency drug use abuse and drinking alcohol abuse

a supplemental textbook that examines the self control theory of crime from a range of perspectives both supportive and critical

do birds of a feather flock together or do opposites attract does haste make waste or should you strike while the iron is hot adages like these or conventional wisdoms shape our social life this fifth edition of second thoughts reviews several popular beliefs and notes how such adages cannot be taken at face value this unique text encourages students to step back and sharpen their analytic focus with 24 essays that use social research to expose the gray areas of commonly held beliefs revealing the complexity of social reality and sharpening students sociological vision

the present book is a comprehensive attempt to critically discuss sociology of education it covers the syllabi of various universities for m a sociology b ed and m ed examinations part one of the book provides an introduction to the subject through a discussion of the meaning type and functions of education aims and objectives of education agencies of education evaluation of the current educational pattern curriculum teaching devices and innovations in teaching part two starts with an introduction to educational sociology and proceeds to discuss socialization and family peer group and education the college social functions of education education state and community impact of social stratification in india education and modernization in india social change and social control through education deschooling society teacher s role in society education and economic order values and education education and culture education for international understanding education for democracy education for socialistic pattern of society the disturbed campus and materialism in education and national emotional integration the work is analytic in presentation and synthetic in discussing the subject matter to provide an ideal textbook on the subject the book will be found useful not only by the students but also by the teachers policy makers and common readers

created for the introduction to deviance course deviance and social control 4e uses theory and examples to illustrate societal perceptions of deviance throughout the ages without assuming prior knowledge of introductory sociology or research methods all theories are carefully considered and explored illustrating how classical theories influence contemporary ones in a manner that is meaningful to students
