architecture has long been understood as a cultural discipline able to articulate the human condition and lift the human spirit yet the spirituality of architecture is rarely directly addressed in academic scholarship the seventeen chapters provide a diverse range of perspectives grouped according to topical themes being in the world sacred secular and the contemporary condition symbolic engagements sacred landscapes and spirituality and the designed environment even though the authors approach the subject from a range of disciplines and theoretical positions all share interests in the need to rediscover redefine or reclaim the sacred in everyday experience scholarly analysis and design

the purpose of this book is to introduce you in considerable detail to what we call the co operative enterprise and to explore with you the broader question of why co operatives are important in today s world this is not a how to book in the normal sense it is however we hope an excellent foundation upon which to broaden your understanding and appreciation of co operative forms of enterprise not only in your country but around the globe you will learn why co operation works and also see why sometimes it may not work and you will learn about best practices and success factors within co operatives if you are an employee a manager or an elected official within a co operative you will also learn about why and how leadership and management effectiveness are different in co operative forms of enterprise the book is divided into five parts the first part is called setting the stage and contains two chapters the first chapter introduces the reader to the nature of co operation while the second chapter looks at the evolution of co operation all the way from social movements to business systems of enterprise the second part is entitled how co operatives are different and begins by presenting what we call the co operative value proposition the third and fourth chapters provide details on the difference between the co operative sector the private sector and the public sector chapter five describes why and how leadership and management effectiveness are different in a co operative the third part is entitled co operatives today and it includes three chapters chapter six describes national and international co operative development and chapter seven looks at the role co operatives have played and are playing in wealth creation community development and poverty reduction around the globe the last chapter in this section describes the pivotal role for government in enabling development part four is entitled building a better world and it includes three chapters the first chapter chapter nine is entitled some strategies and tactics for success chapter ten is entitled towards a world vision for co operatives chapter eleven is the challenges and opportunities ahead and it invites and challenges readers and all co operators to seriously imagine what the future might be for co operative forms of enterprise no small undertaking to be sure just for fun we have included a final part called everything else co operative into which we cram additional co operative website links and interesting content which we think you might like and which didn t exactly seem to fit anywhere else you decide we also include some of our parting after thoughts post scripts in this section

this collection examines public private partnerships ppps in transitional nations from the governance perspective it explores the structures legal frameworks and collaborative arrangements that underpin partnerships in europe asia and africa and highlights government decisions that facilitate the transformation of societal challenges into developmental opportunities by sharing the experience of nine nations including china indonesia russia and nigeria it helps to better understand the commonalities in ppp deployment avoid mistakes and pitfalls and learn from other economies the book raises the critical questions that concern many governments including what are the common and frequent mistakes that governments make when they deploy partnerships and deal with governance issues how can countries increase ppps benefits can ppps be instrumental in accomplishing certain less traditional government tasks such as disaster risk management of built infrastructure and

promotion of clean energy can ppps serve as a backbone of entrepreneurial networks and contribute to sustainable development the groundwork is laid out for contrasting and comparing successful and unsuccessful government actions institutional legal and financing initiatives and procedures allowing one to make cross country and cross sectoral comparisons policy makers consultants managers and others working in the ppp field will find this volume useful as well as academics as they can learn from the international comparisons and the experience of others

this book discusses energy policy within the framework of the expansion of renewable energy sources res and increasing resource use efficiency in this book the term resource efficiency is defined as deriving the most value from resource inputs related to energy production while incorporating energy efficiency the authors highlight the drivers policy approaches governance issues and management problems related to the reduction of dependency on fossil fuels by focusing on res and resource efficiency mouraviev and koulori argue that enhancing energy security requires a new approach integrating two core components the emphasis on increasing energy production from renewable sources and resource use efficiency which forms a contrast to the traditional understanding of energy security as security of supply blending theory with practice using several case studies this original book provides a novel conceptualisation of energy security that will be of interest and value to practitioners and policy makers as well as scholars and researchers
