describes the cave site of naj tunich in the southeastern petâen region of guatemala includes an analysis of the cave painting style and iconography and with barbara macleod of the hieroglyphic texts that accompany some of them a survey of cave paintings from other parts of the maya world and elsewhere in mesoamerica provides a broad comparative context handbook of latin american studies v 57

this is the first comprehensive one volume encyclopedia in english devoted to pre columbian archaeology of the mesoamerican culture area in more than 500 articles by the major experts in the field this work brings the most recent scholarship to an examination of regional environments and their cultural evolution entries range from the familiar

encyclopedia of the ancient maya offers an a to z overview of the ancient maya culture from its inception around 3000 bc to the spanish conquest after ad 1600 over two hundred entries written by more than sixty researchers explore subjects ranging from food clothing and shelter to the sophisticated calendar and now deciphered maya writing system they bring special attention to environmental concerns and climate variation fresh understandings of shifting power dynamics and dynasties and the revelations from emerging field techniques such as lidar remote sensing and newly explored sites such as la corona tamchen and yaxnohkah this one volume reference is an essential companion for students studying ancient civilizations as well as a perfect resource for those planning to visit the maya area cross referencing topical and alphabetical lists of entries and a comprehensive index help readers find relevant details suggestions for further reading conclude each entry while sidebars profile historical figures who have shaped maya research maps highlight terrain archaeological sites language distribution and more over fifty photographs complement the volume

stone houses and earth lords is the first volume dedicated exclusively to the use of caves in the maya lowlands covering primarily classic period archaeology from a d 100 through the spaniards arrival although the caves that riddled the lowlands show no signs of habitation most contain evidence of human use evidence that suggests that they functioned as ritual spaces

the two volumes of royal courts of the ancient maya provide current archaeological perspectives on maya courts conceived as vital functioning social groups composed of lords courtiers scribes priests and entertainers among many others in addition to archaeological data on the architecture and other spatial attributes of courts the studies in the two volumes bring to bear on the topic the most recent evidence from inscriptions vase paintings murals and friezes and ethnohistoric records in order to flesh out a portrait of the actors and roles that made up maya courts through time and across space the attributes of courts are

explored in the maya highlands and lowlands from the origins of early kingship through the classic period to the postclassic and terminal epochs pertinent comparisons are also drawn from the aztecs and other ancient and contemporary societies volume 1 theory comparison and synthesis establishes a carefully considered framework for approaching the study of courts and their functions throughout the world of the ancient maya volume 2 data and case studies provides authoritatively current data and insights from key maya sites including copán tikal caracol bonampak and calakmul

gods deities symbolism deposition cosmology and intentionality are all features of the study of early ritual and cult archaeology has great difficulties in providing satisfactory interpretation or recognition of these elusive but important parts of ancient society and methodologies are often poorly equipped to explore the evidence this collection of papers explores a wide range of prehistoric and early historic archaeological contexts from britain europe and beyond where monuments architectural structures megaliths art caves ritual activity and symbolic remains offer exciting glimpses into ancient belief systems and cult behaviour different theoretical and practical approaches are demonstrated offering both new directions and considered conclusions to the many problems of studying the archaeology of cult and ritual central to the volume is an exploration of early malta and its intriguing temple culture set in a broad perspective by the discussion and theoretical approaches presented in different geographical and chronological contexts

publisher fact sheet this landmark book offers the first comprehensive description analysis of gender power relations in prehispanic mesoamerica for the formative period olmec world through the postclassic maya aztec societies of the 16th century a d

includes section reviews
