do not quench the spirit strive for spiritual gifts walk in the spirit in these imperatives all from the hand of paul the apostle regards the success of the spirit s work as dependent on human cooperation does paul s linking of divine power with human agency derive from the influences of his religious background or is it a product of his own experience and thought how does paul think of the interrelation between spirit and human agency as the author answers these questions we are given an illuminating view both of the path along which paul thinks the spirit draws believers and of the nature of the spirit s activity that paul expects believers to embrace this book will be welcomed by scholars and students working in the field of pauline pneumatology and both scholarly and lay readers interested in the implications of pauline pneumatology for pentecostal renewal theology and practice

the pentecostal and charismatic movement is one of the miracles of the 20th century without government support without an advertising campaign often without the notice of journalists and academics and sometimes in the face of persecution and ridicule it has spread its message around the world and now attracts in the region of 500 million people many of its original and formative documents are unknown and out of print this book collects together samples from the writings of key pentecostals and charismatics going back about 100 years and over a range of issues and practices shows how they vary and how they have developed historically these texts have lain in out of print magazines and archives and so far as we know have never been collected before in this

way this book allows you to hear the authentic voice of the pentecostal and charismatic movements drawing especially from sources in english

explores the religious experiences of jesus paul and the early church with special emphasis on the holy spirit and charismatic experiences

this book traces the history of the word charisma and the various meanings assigned to it from its first century origins in christian theology to its manifestations in twenty first century politics and culture while considering how much of the word s original religious meaning persists in the contemporary secular understanding

the authority of charisma entails a devotion to the exceptional sanctity heroism or exemplary character of an individual person in the sociology of religion it has long been held that the authority of institutions is legitimated by their identification with charismatic personalities however in this book which examines the construction of st paul s public image anthony j blasi argues that charisma comes as much from us as it is projected by the personages it is a work of the collective imagination and a fulfillment of a social need thus the charisma of st paul is shown to emerge as much or more from the dynamics of early christianity s institutionalization as from the person of paul while acknowledging the importance of certain features of paul s actual biography the principle focus of the book is on how paul became an important personality in christian tradition in the decades immediately following his death the ability of the charismatic personality to make acts and creeds religiously legitimate is usually thought of by sociologists as producing normative organizations such as churches but here it is shown that paul s charisma was consciously fostered and promoted by the incipient christian church the book is divided into segments that examine the social construction of charisma the role of st luke in fashioning paul s posthumous image the traditions and legends that grew up around paul after his death including inauthentic pauline letters written in his name and the dynamics of constructing the image in the religious and historical context of the time the author concludes with a reconsideration of what is meant by charisma and how it is created this is one of the few studies which takes advantage of the methods of literary criticism to explore the social processes at work in early christianity making charisma will be of interest to sociologists of religion and a wide range of scholars interested in the history of religion

in the charismatic gymnasium maria josé de abreu examines how charismatic catholicism in contemporary brazil produces a new form of total power through a concatenation of the breathing body theology and electronic mass media de abreu documents a vast religious respiratory

program of revival popularly branded as the aerobics of Jesus. Pneuma, the Greek term for air, breath, and spirit, is central to this aerobic program whose goal is to labor on the athletic elasticity of spirit, tracing the rhetoric, gestures, and spaces that together constitute this new theological community. De Abreu exposes the articulating forces among evangelical Christianity, neoliberal logics, and the rise of right-wing politics by calling attention to how an ethics of pauperism vitally intersects with the neoliberal ethos of flexibility. De Abreu shows how paradoxes do not hinder but expand the charismatic gymnasium. The result De Abreu demonstrates is the production of a fluid form of totalitarianism and Christianity in Brazil and beyond.

What happened to Paul after Paul? This book examines the relationships between Paul's undisputed writings, the pastoral epistles, and the Pauline legacy adopted and adapted by the early church. **Book jacket**

Tragedies often focus on this difficult process of charismatic transformation, a process Falco argues that is best understood not in terms of a single tragic figure but as a group experience. **Book jacket**
