in his updated second edition david reisman examines the ideological and material underpinnings of the global mixed economy drawing upon current research in economics and international relations global political economy is an impartial and comprehensive analysis of the world order in an age of reappraisal and doubt

the end of the cold war has unleashed unique economic and political forces computers are an increasing impetus to the world economy along with technological developments this work studies these developments and others to survey the approaches to understanding international economic relations

the most balanced blend of empirical material and analysis from leading scholars of global political economy written by leading international specialists global political economy is a comprehensive yet accessible introduction to the field skilfully interweaving history theory and topical issues and debates the authors offer an authoritative and stimulating guide which not only informs but also encourages readers to critically examine their own perspectives on the subject new to this edition thoroughly updated to incorporate recent developments such as the trump administration brexit and populism enhanced coverage of the political economy of the environment new material on globalization inequality and poverty book jacket

praised for its authoritative coverage global political economy places the study of ipe in broad theoretical context and has been updated to cover the rise of populism brexit the usmca us china trade wars tariffs refugees and global migration the keynesian monetarist debate fordism automation the gig economy global value chains climate change cryptocurrencies and the residual effects of global economic crises and regional relationships and impacts written by leading ipe scholar theodore cohn now joined by his prolific colleague andy hira this book equally emphasizes theory and practice to provide a framework for analyzing current events and long term developments in the

global economy this text is suitable for both introductory and advanced ipe courses new to the eighth edition expands upon the growing us china competition in many areas of the global political economy discusses the problems brexit is posing for britain and the european union eu explores the growth of populism focuses more on environmental degradation climate change along with the increase in global migration incorporates a new theme of south south global economic relations highlights the relationship among economics geopolitics and security issues emphasizes the importance of global value chains looks at the potential for future global financial crises updates and expands the number of tables figures and graphics throughout provides an updated test bank and new powerpoint slides in an instructor s e resource

a comprehensive guide to understanding the complexities of global political economy emphasising the importance of context and a truly global range of perspectives in analysing global issues

this text emphasizes regional as well as global relations it covers topics such as dollarization the problem of less developed countries foreign debt multinational corporations and the role of economic organizations a historical examination is also included

this text introduces the study of international economic and political structures with a social and collective learning approach focusing on major international economic organizations it examines how managers in public and private sectors cope with international change in the 20th century

the emergence of the global political economy challenges the assumption that the international political economy is a recent phenomenon instead this volume asserts that the current global political economy began to take shape around 1500 and that some of today s key processes were already perceivable several hundred years ago the book explains the interdependence between long term economic growth global political leadership and global war and how this interdependence has evolved over the last 500 years and includes discussion of the ascendance of western europe and the significance of the 1490s the military superiority thesis sequences of leadership

and of challenge to the global political economy the importance of commodities from sugar and cloth to slaves and bullion the anglo american rivalry until the first world war

broadly viewing the global economy as a political competition that produces winners and losers international political economy holistically and accessibly introduces the field of ipe to students with limited background in political theory history and economics this text surveys major interests and institutions and examines how state and non state actors pursue wealth and power emphasizing fundamental economic concepts as well as the interplay between domestic and international politics international political economy not only explains how the global economy works it also encourages students to think critically about how economic policy is made in the context of globalization

this book examines the evolution of international political economy ipe as a field of study in china detailing the evolving boundaries and the content of the field it surveys how the key themes in ipe such as the conceptualization of power at the global level the question of international order and international organization the state and globalization money and finance and the source of ideas and ideational innovation have been debated in chinese ipe in comparison to the foundational works of the west the contributions map the genesis of the field inside china and the core characteristics of chinese ipe consider the limits of the development of the field in china and identify the contributions which chinese ipe can make to the global development of ipe each piece in this collection is co authored by a prominent prc scholar residing in china and a distinguished foreign scholar the co authors together highlight what they think are the core chinese concerns of ipe in a particular area and suggest what this understanding adds to the global discussion this book was originally published as a special issue of the review of international political economy

global political economy gpe is a broad and varied field of study and draws insight from a great number of fields and approaches one of the serious problems confronting academics and students is the sheer mass of theories and debates in the field this textbook provides up

to date summaries of the debates and approaches that are currently at the forefront of both european and american gpe this new revised and expanded second edition contains updated versions of most of the original chapters in addition there is a new section entitled emerging issues in contemporary global political economy gpe and six new chapters the second edition is structured around three themes part i focuses on the six central concepts of gpe state firm power labour finance and globalization each one of them has been increasingly subjected to a rigorous and critical evaluation in recent scholarship part ii covers a select number of theories and debates currently at the forefront of gpe game theory behavioural economics neo sociological and evolutionary institutionalism neo marxism development and post development libidinal economies and economic constructivism part iii which is new to this edition is entitled emerging issues in contemporary global political economy gpe and focuses on war state and international political economy ipe race gender and culture environmental politics and the rise of china this is essential reading for all serious scholars and advanced students of ipe

this book brings together a collection of essays that focus on the various dimensions of this transformation and prospects for future changes the book begins with an analytical essay that offers an overview of causes of change in the global political economy

multinationals in the global political economy looks at the new diplomacy between the multinational firm and the nation state focusing on the interdependencies conflictual and co operative between the two primary actors in the global economy an international group of scholars the united kingdom the united states canada and sweden from a variety of disciplines international relations political science public policy economics and business studies discuss the theory and practice of mne state relations in the 1990s

introduction 20th 21st century imaginings and realities section 1 time space frameworks 1 states and markets understanding geospatial time 2 virtual realities exploring sociospatiality 3 the political economy of time historical time speed and mobility section 2 borders and inequality 4 transcendence and communication 5 inequality as driver 6 embedding patriarchy feminism and inequality in the internet era section 3 technofutures and power 7 complex hegemony in the 21st century power and inequality conclusion

in an era of post globalization the global political economy needs restructuring this textbook examines the challenges facing the world economy as a result of climate change and social and economic inequality and provides future oriented solutions to them andersson presents and explains key concepts from global political economy to show how to design and analyse potential reconstructions of the economic system with a comprehensive exploration of the different ideological pathways that change might take and taking account of gender race and class the author expertly guides the reader through thematic chapters including the political economy of everyday life the regulation of global trade post development the production of global value chains financial markets this book will help readers see that global economic change is possible and support clear thinking about a global future that is environmentally socially and economically sustainable

this book is the eagerly awaited successor to robert gilpin s 1987 the political economy of international relations the classic statement of the field of international political economy that continues to command the attention of students researchers and policymakers the world economy and political system have changed dramatically since the 1987 book was published the end of the cold war has unleashed new economic and political forces and new regionalisms have emerged computing power is increasingly an impetus to the world economy and technological developments have changed and are changing almost every aspect of contemporary economic affairs gilpin s global political economy considers each of these developments reflecting a lifetime of scholarship it offers a masterful survey of the approaches that have been used to understand international economic relations and the problems faced in the new economy gilpin focuses on the powerful economic political and technological forces that have transformed the world he gives particular attention to economic globalization its real and alleged implications for economic affairs and the degree to which its nature extent and significance have been exaggerated and misunderstood moreover he demonstrates that national policies and domestic economies remain the most critical determinants of economic affairs the book also stresses the importance of economic regionalism multinational corporations and financial upheavals gilpin integrates economic and political analysis in his discussion of global political economy he employs the conventional theory of international

trade insights from the theory of industrial organization and endogenous growth theory in addition ideas from political science history and other disciplines are employed to enrich understanding of the new international economic order this wide ranging book is destined to become a landmark in the field

much has been written about china s economy as well as its business management system china s global political economy however is designed to bring together these two perspectives serving to enhance our understanding of china s growing global role examining changes in the management strategies of foreign companies investing in china and chinese enterprises doing business overseas this book analyses china s political economy in the context of the communist party s changing policies the introductory section begins by studying the aspects of chinese economic growth as it impacts on domestic social issues and the projection of chinese power abroad within this overall framework it then goes on to critically assess the effects of foreign investment business management strategies human resource management corporate social responsibility and the financial services sector arguing that the encouragement of consumption is a significant objective of the chinese leadership the last section is concerned with the importance of the food industry this book will be of interest to students and scholars of chinese business management and international political economy as well as policymakers and business practitioners

no approach to world affairs in the 21st century can afford to ignore the impact that processes of globalisation are having on governments economies cultures and individuals an understanding of the theories that underpin international political economy and their practical applications is therefore crucial to the study of international relations politics development and economics in this comprehensive and accessible introduction to the field the authors consider traditional and alternative approaches to ipe elucidating key concepts assumptions and the intellectual and historical context in which they arose and developed making clear at all times their relevance to issues from trade finance and government to environment technology development and culture the style of this book encourages independent reflection and

critical thinking each chapter relates theoretical analysis to contemporary issues by way of giving the student a better understanding of the theory and also demonstrating the value of theory in the real world

rethinking global political economy contains incisive analysis of history linguistics class culture empirical data and normative concerns this important volume presents innovative approaches to fundamental issues in global political economy together they provide multiple arguments and avenues for rethinking global political economy in a time of turmoil and system transformation it will appeal to those interested in seeing new perspectives and healthy heterodoxy in the study of political economy
