this edited collection brings national and religious narratives into conversation with each other helping readers to formulate a more sophisticated comprehension of the social and cultural factors involved in the religious tolerance and intolerance that has taken place in europe and western asia and continues today bringing together scholars from asia the middle east europe and america this volume embodies an international collaboration of unusual range its comparative approach will be of interest to scholars of religion and history particularly those with an emphasis on interreligious relations and religious tolerance

the huguenots are among the best known of early modern european religious minorities their suffering in 16th and 17th century france is a familiar story the flight of many huguenots from the kingdom after 1685 conferred upon them a preeminent place in the accounts of forced religious migrations their history has become synonymous with repression and intolerance at the same time huguenot accomplishments in france and the lands to which they fled have long been celebrated they are distinguished by their theological formulations political thought and artistic achievements this volume offers an encompassing portrait of the huguenot past investigates the principal lines of historical development and suggests the interpretative frameworks that scholars have advanced for appreciating the huguenot experience

this contribution to the global history of ideas uses biographical profiles of 18th century contemporaries to find what salafist and sufi islam evangelical protestant and jansenist catholic christianity and hasidic judaism have in common such figures include mu ammad ibn abd al wa hab count nikolaus zinzendorf jonathan edwards john wesley jean jacques rousseau and israel ba al shem tov the book is a unique and comprehensive study of the conflicted relationship between the evangelical movements in all three abrahamic religions and the ideas of the enlightenment and counter enlightenment centered

on the 18th century the book reaches back to the third century for precedents and context and forward to the 21st for the legacy of these movements this text appeals to students and researchers in many fields including philosophy and religion their histories and world history while also appealing to the interested lay reader

religious rivalry and persecution have bedeviled so many societies that confessional difference often seems an unavoidable source of conflict sacred boundaries challenges this assumption by examining relations between the catholic majority and protestant minority in seventeenth century france as a case study of two religious groups constructing confessional difference and coexistence

the persecution of the huguenots in france followed by the revocation of the edict of nantes in 1685 unleashed one of the largest migration waves of early modern europe focusing on the fate of french protestants who fled to the dutch republic experiencing exile examines how huguenot refugees dealt with the complex realities of living as strangers abroad and how they seized upon religion and stories of their own past to comfort them in exile the book widens the scope of scholarship on the huguenot refuge by looking beyond the beliefs and fortunes of high profile refugees to explore the lives of ordinary exiles studies on huguenots in the dutch republic in particular focus almost exclusively on the intellectual achievements of a small group of figures including pierre bayle and the basnage brothers whereas the fate of the many refugees who joined them in exile remains unknown this book puts the masses of huguenot refugees back into the history of the refuge examining how they experienced leaving france and building a new life in the dutch republic divided into three sections the economy of exile faith in exile and memories in exile the book argues that the huguenot exile experience was far more complicated than has often been assumed scholars have treated huguenot refugees either as religious heroes as successful migrants or as modern philosophers while ignoring the many challenges that exile presented as this book demonstrates huguenots in the dutch republic discovered that being a religious refugee in early modern europe was above all a complex and profoundly unsettling experience fraught with socio economic religious and political challenges rather than a clear cut quest for religious freedom

the irish presence in england france and spain is the subject of a dozen papers edited by o connor history national u of ireland maynooth the contributors lecturers and four graduate students in history and a librarian examine irish immigration to france based on archival sources there th
