praise for trading price action trading ranges al brooks has written
a book every day trader should read on all levels he has kept trading
simple straightforward and approachable by teaching traders that
there are no rules just guidelines he has allowed basic common sense
to once again rule how real traders should approach the market this
is a must read for any trader that wants to learn his own path to

success noble drakoln founder speculatoracademy com and author of trade like a pro and winning the trading game a great trader once told me that success was a function of focused energy this mantra is proven by al brooks who left a thriving ophthalmology practice to become a day trader al s intense focus on daily price action has made him a successful trader a born educator al also is generous with his time providing detailed explanations on how he views daily price action and how other traders can implement his ideas with similar focus and dedication al s book is no quick read but an in depth road map on how he trades today s volatile markets complete with detailed strategies real life examples and hard knocks advice ginger szala publisher and editorial director futures magazine over the course of his career author al brooks a technical analysis contributor to futures magazine and an independent trader for twenty five years has found a way to capture consistent profits regardless of market direction or economic climate and now with his new three book series which focuses on how to use price action to trade the markets brooks takes you step by step through the entire process in order to put his methodology in perspective brooks examined an essential array of price action basics and trends in the first book of this series trading price action trends now in this second book trading price action trading ranges he provides important insights on trading ranges breakouts order management and the mathematics of trading page by page brooks skillfully addresses how to spot and profit from trading ranges which most markets are in most of the time using the technical analysis of price action along the way he touches on some of the most important aspects of this approach including trading breakouts understanding support and resistance and making the most informed entry and exit decisions possible throughout the book brooks focuses primarily on 5 minute candle charts all of which are created with tradestation to illustrate basic principles but also discusses daily and weekly charts and since he trades more than just e mini s p 500 futures brooks also details how price action can be used as the basis for trading stocks forex treasury note futures and options
