mcconnell brue and flynn s macroeconomics brief edition comes from the same author team as the market leading principles of macroeconomics textbook it continues to be innovative while teaching students in a clear unbiased way like the 18th edition macroeconomics brief edition has 3 main goals help the beginning student master the principles essential for understanding the economizing problem specific economic issues and the policy alternatives help the student understand and apply the economic perspective and reason accurately and objectively about economic matters and promote a lasting student interest in economics and the economy although the brief edition is a derivative of macroeconomics 18e is not a cut and paste book that simply eliminates several chapters of macroeconomics 18e and reorders and rennumbers the retained content instead macroeconomics brief edition is a very concise highly integrated economics textbook that is distinct in purpose style and coverage from macroeconomics 18e

dornbusch fischer and startz has been a long standing leading intermediate macroeconomic theory text since its introduction in 1978 this revision retains most of the text s traditional features including a middle of the road approach and very current research while updating and simplifying the exposition a balanced approach explains both the potential and limitations of economic policy macroeconomics employs a model based approach to macroeconomic analysis and demonstrates how various models are connected with the goal of giving students the capacity to analyze current economic issues in the context of an economic frame of reference the only pre requisite continues to be principles of economics
