written by award winning scholar jonathan turner theoretical sociology 1830 to the present is a monumental book that offers in depth and comprehensive coverage of both the classical and modern traditions in sociological theory the text is dived into three key

parts part 1 provides detailed analyses of the theories of the classical tradition including the works of august comte herbert spencer karl marx max weber georg simmel emile durkheim and george herbert mead part 2 examines all of the principle theoretical traditions in sociology during the modern era including the functional general systems ecological evolutionary conflict exchange symbolic interactionist role and status dramaturgical phenomenological structuralist cultural postmodern european critical and american style critical theories part 3 reviews the state of sociological theory today including scientific elements of theory and how to overcome roadblocks that have prevented sociological theories from realizing their full explanatory power

written by award winning scholar jonathan h turner this is a comprehensive in depth and detailed review of present day theory in sociology

the authors are proud sponsors of the sage keith roberts teaching innovations award enabling graduate students and early career faculty to attend the annual asa pre conference teaching and learning workshop modern sociological theory gives readers a comprehensive overview of the major theorists and schools of sociological thought from sociology s 19th century origins through the mid 20th century written by an author team that includes one of the leading contemporary thinkers the text integrates key theories with with biographical sketches of theorists placing them in historical and intellectual context

explorations in classical sociological theory seeing the social world second edition is an undergraduate sociological theory textbook that introduces the student to the major classical theorists including marx spencer durkheim weber simmel mead schutz gilman and du bois the theorists were chosen for the diversity of their perspectives as well as their ability to introduce the student to contemporary theory kenneth allan uses a lively informative writing style to engage the students in the eras of social change that spawned the major sociological theories and then applies them to the current era which also is experiencing major social change features and benefits the book includes a glossary of terms each of the theorist s important concepts are highlighted in the text and clear definitions provided in the glossary this feature is particularly important because theory is made up of terms and concepts and

without the use of a glossary it is very easy for the undergraduate theory student to lose track of the terms and meanings while the book is organized primarily around the individual theorist's perspective a categorical scheme is also provided so the student can roughly situate the theorists and decide for themselves some of sociology's big questions the scheme provided in the book is not the one usually used by textbooks the more commonly used scheme conflict functional interaction hides some really important questions that the student needs to consider for example is society an object or does it exist only through interpretations the book provides an appendix with complete definitions of most of sociology's major perspectives e.g. critical theory including feminism race and queer theory postmodernism and so on exchange theory rational choice theory dramaturgy ethnomethodology structuration network theory ecological theory social phenomenology and so on the book introduces the power and poetry of theory by extensive use of original source material from the theorists' writings

sociological theory is an attempt to trace the development of sociological theory from the classical to the modern period a comprehensive and balanced introduction it studies all the important thinkers chronologically so that the students can locate the continuity as well as the discontinuity of thoughts and themes a concise formative background of every thinker is outlined in the text to entice the reader to take a deeper plunge into the theories the introductory chapter tries to sketch the broad outlines of the classical sociological theories whereas the concluding chapter examines the thematic shifts and the inter linkage between all the theories from the classical to contemporary period all chapters are pedagogically rich with glossary keywords and discussion points the language is lucid and comprehensible and the treatment of the text is such that it develops an appreciation for the subject

this revised edition of this extremely popular introduction to social theory has been carefully and thoroughly updated with the latest developments in this continually changing field written in a refreshingly lucid and engaging style introducing social theory provides readers with a wide ranging well organized and thematic introduction to all the major thinkers issues and debates in classical and contemporary social theory introducing social theory traces the development of social theorizing from the classical ideas about modernity of durkheim marx and weber right up to a uniquely accessible review of the contemporary theoretical controversies in

sociology that surround post colonialism gender and feminist theories and public sociology the ideal textbook for students of sociology at all levels from a level to undergraduates introducing social theory is remarkably easy to follow and understand this new edition lives up to its predecessors goal that students need never be intimidated by social theory again

social theory is a crucial resource for the social sciences it provides rich insights into how human beings think and act and how contemporary social life is constructed but often the key ideas of social theorists are expressed in highly technical and difficult language that can hide more than it reveals the new edition of this popular book continues to cut to the core of what social theory is about covering key themes from the classical thinkers onwards including marxism post structuralism phenomenology feminism and more the second edition features a new chapter on actor network theory and enhanced discussion of postcolonial theory wide ranging in scope and coverage the book is concise in presentation and free from jargon showing why social theory matters and why it is of far reaching social and political importance the book is ideal for readers seeking a clear crisp mapping of a complex but very rewarding area

this comprehensive collection of classical sociological theory is a definitive guide to the roots of sociology from its undisciplined beginnings to its current influence on contemporary sociological debate explores influential works of marx durkheim weber mead simmel freud du bois adorno marcuse parsons and merton editorial introductions lend historical and intellectual perspective to the substantial readings includes a new section with new readings on the immediate pre history of sociological theory including the enlightenment and de toqueville individual reading selections are updated throughout

a brilliant synthetic essay of theoretical importance in its own right jeffrey c alexander yale university usa mclennan takes us on an absorbing journey that will provide illumination to newcomers to sociology and seasoned veterans alike this is a fascinating version of the story so far and an expansive vision of the road ahead rob stones university of essex uk what does sociology involve how did its key concepts and perspectives develop what is the scope and relevance of sociology today these are the fundamental questions

that motivate every new and returning student of sociology and they lie at the heart of this unique book situating sociology within the wider context of social theory story of sociology takes us from the intellectual tensions of enlightenment thought through the american dominated twentieth century to the latest debates in the discipline accessible and inspiring succinct yet challenging this book is an ideal companion to any introductory sociology or social theory course this is an excellent short introduction to sociological theory superbly capturing the dilemmas of sociological argument as well as its different traditions and sensibilities john holmwood university of nottingham uk story of sociology is more than a simple history it is a compelling invitation to enter the sociological imagination extraordinary in its scope and clarity this book links current departures to enduring themes and captures the dynamic positioning of sociology in the contemporary age lisa adkins university of newcastle australia

this book is an indispensable resource for anyone interested in the roots current debates and future development of social theory it draws together a team of outstanding international scholars and presents an authoritative and panoramic critical survey of the field the volume is divided into three parts the first part examines the classical tradition included here are critical discussions of comte spencer marx durkheim weber simmel mead freud mannheim and classical feminist thought this part conveys the classical tradition as a living resource in social theory it demonstrates not only the critical significance of classical writings but their continuing relevance the second part moves on to examine the terrain of contemporary social theory the contributions discuss the significance and strengths and weaknesses of structural functionalism recent marxian theory critical theory symbolic interactionism phenomenology ethnomethodology exchange theory rational choice contemporary feminism multiculturalism postmodernism the thought of foucault and habermas and figural sociology the reader gains a comprehensive and informed picture of the key issues and central figures of the day the final part ranges over the key debates in current social theory questions relating to positivism metatheorizing cultural studies consumption sexualities the body globalism nationalism socialism knowledge societies ethics and morality as well as post social relations are fully discussed the dilemmas and promise of contemporary social theory are revealed with pinpoint accuracy

the social lens an invitation to social and sociological theory second edition is an upper division undergraduate social theory textbook that introduces the student to the major classical and contemporary theorists the theorists were chosen for the diversity of their perspectives as well as their ability to introduce the student to contemporary theory dr allan uses a lively informative writing style to engage the students in the eras of social change that spawned the major sociological theories and then applies them to the current era which also is experiencing major social change

this is a newly revised and thoroughly edited fourth edition of a college level textbook in sociological theory the book presents and introductory level description of many of the central sociological theories both past and present from durkheim s theorizing to critical race and gender theories from symbolic interactionism to exchange theories from weber to postmodernism it is written in an engaging informal conversational and accessible style in which complex ideas are presented in a simple and straightforward manner making difficult ideas rather easy to understand the author also adds commentary and criticisms in select chapters covering controversial and dated theories such as those of parsons structural functionalism critical race and gender theories and postmodernism in this new fourth edition of sociological theory leveille has updated and rearranged several chapters a newly revised and expanded introduction is included which critically relates abstract theories to contemporary american political and cultural realities the chapter on tocqueville has been significantly updated and expanded and the sections on conflict theories marxist theories including the frankfurt school and structural functionalism have all been rearranged and moved into different chapters from where they were in earlier editions

combining carefully chosen primary quotes with extensive discussion and everyday illustrative examples this book provides an in depth introduction to classical and contemporary theory uses a wide range of newspaper examples to illustrate the relevance to sociological theory contains excerpts from theorists primary texts includes chapter specific glossaries of all theoretical concepts discussed in the book short biographies and historical timelines of significant events provide context to various theorists ideas incorporates a range of pedagogical features supporting website includes multiple choice and essay questions powerpoint slides a

quotation bank and other background materials visit wiley com go dillon for additional student and instructor resources

this book provides an illuminating introduction to a collection of readings on social theory and provides an overview of the socio historical context and delineation of key thinkers and texts it includes a new section exploring social theory at the limits of the social

introduces readers to the most important thinkers and schools of thought in contemporary sociological theory from parsons and merton to the frankfurt school to foucault bourdieu giddens and hochschild locating each thinker within their own social political and historical context and helping readers use these ideas to understand the contemporary world
