one of the world centers of crop evolution and origin ethiopia has long been recognized as an important area of diversity for several major and various minor crops based on an international conference held in addis ababa this book describes how plant genetic diversity in ethiopia is of vital importance in breeding new varieties of crops with desirable characteristics such as increased resistance to pests and diseases and greater adaptation to heat and drought the three main sections in the book consider the ethiopian center of diversity germ plasm or genetic material collection and conservation in

ethiopia and the evaluation and utilization of ethiopian genetic resources a broad range of food and feed crops and plants of medicinal and industrial importance are discussed both at a national and international level a brief account of conservation strategies and gene bank problems unique to ethiopia is also given the importance of ethiopia s plant genetic resources to world agriculture has been demonstrated on more than one occasion plant breeders geneticists and botanists throughout the world will therefore find this unique book a valuable source of information and an essential reference work

tesfaye gabbiso prominent ethiopian soloist began composing song texts and tunes as a young lad in the early 1970s during a period of social and political upheaval in ethiopia this national ferment strengthened a creative surge among a generation of youth as the ethiopian revolution 1974 91 was taking hold an explosion of indigenous spiritual songs was one result the indigenous song style was in contrast to the imported and translated european hymnody that had earlier been sung in ethiopia s evangelical churches because of his testimony both in life and song tesfaye was imprisoned for seven years during the revolution during which time he continued to compose and sing thus his songs reflect suffering endurance and hope in the babylons meantime and zions of life experience the human voice in song rooted in the flow of the missio dei is perhaps the greatest testimony that may be lived out whether in a prison cell or in the larger complex world a special feature of this book is the inclusion of 104 of tesfaye s songs cassettes 1 7 in english translation this study is valuable as a cross cultural textbook offers rich lyrics and embodies a challenge to christian commitment in the arts

this powerful book gives readers a chance to experience ethiopia through the personal experience of a writer who is both ethiopian and american it takes readers beyond headlines and stereotypes to a deeper understanding of the country this is an absorbing account of the author s return trip to ethiopia as an adult having left the country in exile with her family at age 11 she profiles relatives and friends who have remained in ethiopia and she writes movingly about ethiopia s recent past and its ancient history she offers a clear eyed analysis of the state of the country today and her keen observations and personal experience will resonate with readers this is a unique glimpse into a fascinating african country by a talented writer

this book provides a succinct but comprehensive presentation of key geomorphological locations and topics including information about geomorphological heritage and maps to visit the most important sites apart from often being remarkably scenic landscapes reveal stories that often can be traced back in time tens of million years and include unique events this is particularly true for ethiopia where spectacular examples of different landforms are present its geomorphology varies from highlands marked by high volcanoes and incised by deep river gorges to the rift valley lakes endorheic systems and the below sea level lowlands with characteristic landscapes which are unique in the world landscapes and landforms of ethiopia highlights all these topics including essential information about geology and tectonic framework past and present climate hydrology geographical regions and long term geomorphological history it is a highly informative book providing insight for readers with an interest in geography and geomorphology

this book traces ethiopia s expansion southward during medieval times its resistance to muslim invasion and under energetic leaders its defence of its independence against european colonial powers

a compilation of ethiopia s social history devoted to the northern and central highlands and covering the period from early medieval times to the reign of emperor tewodros ii
