with color and black and white illustrations throughout hawaiian language past present future presents aspects of hawaiian and its history that are rarely treated in language classes the major characters in this book make up a diverse cast dutch merchants captain cook s naturalist and philologist william anderson p kaha ia the inspiration for the hawaiian mission the american lexicographer noah webster philologists in new england missionary linguists and their hawaiian consultants and many minor players the account begins in prehistory placing the probable origins of the ancestor of polynesian languages in mainland asia an evolving family tree reflects the linguistic changes that took place as these people moved east the current versions are examined from a hawaiian centered point of view

comparing the sound system of the language with those of its major relatives in the polynesian triangle more recent historical topics begin with the first written samples of a polynesian language in 1616 which led to the birth of the idea of a widespread language family the next topic is how the hawaiian alphabet was developed the first efforts suffered from having too many letters a problem that was solved in 1826 through brilliant reasoning by its framers and their hawaiian consultants the opposite problem was that the alphabet didn't have enough letters analysts either couldn't hear or misinterpreted the glottal stop and long vowels the end product of the development of the alphabet literacy is more complicated than some statistics would have us believe as for its success or failure both points of view from contemporary observers are presented still it cannot be denied that literacy had a tremendous and lasting effect on hawaiian culture the last part of the book concentrates on the most used hawaiian reference works dictionaries it describes current projects that combine print and manuscript collections on a searchable website these projects can include the growing body of manuscript and print material that is being made available through recent and ongoing research as for the future a proposed monolingual dictionary would allow users to avoid an english bridge to understanding and move directly to a definition that includes hawaiian cultural features and a hawaiian worldview

in 1925 the state of tennessee enacted a law that prohibited the teaching of evolution in public schools specifically that man came from apes the law was immediately challenged by the aclu and pitted two famous lawyers clarence darrow and william jennings bryan a religious fundamentalist and one time presidential candidate in a bruising contest the case became famous known as the monkey trial in this fictional trial a high school teacher was fired for introducing religion into his biology class in the form of criticism of darwinism the trial involves expert witnesses from a variety of fields who defend and attack darwinism but not merely from a biology point of view there are deep religion atheism legal political philosophical and cultural issues that are at stake and reflect today's bifurcated society the supreme court cases in the past fifty years on the establishment clause of the first amendment are demonstrated as in disarray especially in school religion cases the famous bioatheist richard dawkins is called out for his trenchant criticism of christians and distortion of darwinism to achieve his ends the lawyers are cut from vastly different cloth an ex vietnam soldier and an anti war conscientious objector but the scientific and religious experts do most of the talking from the witness stand the present book describes the preparation for and first week of trial
