a provocative look at the life and times of the man who created the original weapon of mass destruction drawing on her investigative and literary talents julia keller offers a

riveting account of the invention of the world s first working machine gun through her portrait of its misunderstood creator richard jordan gatling who naively hoped that the overwhelming effectiveness of a multiple firing weapon would save lives by decreasing the size of armies and reducing the number of soldiers needed to fight keller draws profound parallels to the scientists who would unleash america s atomic arsenal half a century later the gatling gun in its combination of ingenuity idealism and destructive power perfectly exemplifies the paradox of america s rise in the nineteenth century to a world superpower

includes annual biennial and special messages inaugural addresses and speeches etc before the legislature

lists and describes the weapons systems of all the world s navies including surface anti-aircraft anti-submarine and mine warfare
