philosophy in reality offers a new vision of the relation between science and philosophy in the framework of a non propositional logic of real processes grounded in the physics of the real world this logical system is based on the work of the franco romanian thinker stéphane lupasco 1900 1988 previously presented by joseph brenner in the book logic in reality springer 2008 the present book was inspired in part by the ancient chinese book of changes i ching and its scientific philosophical discussion of change the emphasis in philosophy in reality is on the recovery of dialectics and semantics from reductionist applications and their incorporation into a new synthetic paradigm for knowledge through an original re interpretation of both classical and

modern western thought this book addresses philosophical issues in scientific fields as well as long standing conceptual problems such as the origin nature and role of meaning the unity of knowledge and the origin of morality in a rigorous transdisciplinary manner it discusses foundational and current issues in the physical sciences mathematics information communication and systems theory and their implications for philosophy the same framework is applied to problems of the origins of society the transformation of reality by human subjects and the emergence of a global sustainable information society in summary philosophy in reality provides a wealth of new perspectives and references supporting research by both philosophers and physical and social scientists concerned with the many facets of reality

this book provides a comprehensive overview of the organizational models of distance and online learning from an international perspective and from the point of view of economic planning costing and management decision making the book points to directions for the further research and development in this area and will promote further understanding and critical reflection on the part of administrators practitioners and researchers of distance education the experiences and perspectives in distance education in the us are balanced with those in other areas of the world

the material elements of writing have long been undervalued and have been dismissed by recent historicising trends of criticism but analysis of these elements sound signature letters can transform our understanding of literary texts in this 1994 book tom cohen shows how in an era of representational criticism and cultural studies the role of close reading has been overlooked arguing that much recent criticism has been caught in potentially regressive models of representation professor cohen undertakes to counter this by rethinking the materiality of the text itself through a series of revealing new readings of the work of writers including plato bakhtin poe whitman and conrad professor cohen exposes the limitations of new historicism and neo pragmatism and demonstrates how the materiality of language operates to undo the representational models of meaning imposed by the literary canon

philosophy s greatest luminaries brought down to earth plato within your grasp offers fast easy access to the life and works of the acknowledged father of western philosophy in fewer than 100 pages you ll get all the essentials in everyday language a short biographical sketch sets the scene followed by chapters illuminating plato s overall philosophy and his most important writings for students and lifelong learners seeking an entry point into this astonishingly diverse thinker s ideas plato within your grasp is the springboard to enriched understanding inside you ll find all the vital details including life family and upbringing influence of socrates athenian culture and society philosophy overview of key works themes and impact socratic mature and late periods individual chapters on apology and meno book by book explanation of the republic additional resources tracking down plato s major works collections biographies and critical writings plato on the internet get a grip plato is within your
