origins we call this book on theoretical orientations and methodological strategies in family studies a

sourcebook because it details the social and personal roots i e sources from which these orientations and strategies flow thus an appropriate way to preface this book is to talk first of its roots its beginnings in the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself a goal was thus set to write a book that like janus would face both backward and forward a book that would give readers both a perspective on the past and a map for the future there were precedents for such a project the handbook of marriage and the family edited by harold christensen and published in 1964 the two contemporary theories about the family volumes edited by wesley burr reuben hill f ivan nye and ira reiss published in 1979 and the handbook of marriage and the family edited by marvin sussman and suzanne steinmetz then in production

family support introduces and explores the state of the art in preventative social work with children and young people drawing on contemporary thinking and research the book aims to make a contribution to current debates about how we can best support families in need underpinning the book is an analysis of how family support is changing having moved from prevention through to contemporary debates about family support early intervention and early help the authors draw on their own practice experiences to ensure the discussion remains highly relevant to everyday realities the book consists of three parts part i examines the history and context of family support part ii outlines a number of practice approaches to family support and part iii suggests how family support work can be further developed the book provides think points and case studies to support the reader in reflecting on the material presented and how this can be best applied as well as including a guide to useful resources family support will be a welcome companion for anyone involved in child welfare and safeguarding services including students at undergraduate and post graduate level practitioners policy makers and academics

this volume provides readers around the globe with a focused and comprehensive examination of how to prevent and respond to child maltreatment using evidence informed public health approaches and programs that meet the needs of vulnerable children and struggling families and communities it outlines the system failures of contemporary forensically driven child protection practice detailed guidance is provided about how to re think earlier intervention strategies and establish stronger and more effective programs and services that prevent maltreatment at the population level service user and stakeholder perspectives particularly from marginalized groups including indigenous peoples highlight how public health approaches can better support families and keep children safe case studies from different countries grapple with the fraught nature of large

system change and the various strategies needed to effect multi level reforms presenting the reader with an array of innovative services used in different institutional and community context this volume confronts the complex challenges found in implementing successful prevention programs that are aligned with diverse cultural and political environments and community expectations

family support is an increasingly strategic approach to welfare services for children and families this book covers core issues in family support providing a combination of clear theoretical frameworks and practical guidance this book will assist practitioners in working with families

this timely textbook provides an introduction overview and critical analysis of practice and services in relation to current policy developments with a focus on working with service users across the life course multi agency working and relational and strengths based approaches it provides a concise exploration of practice guidance theory and the legislative context of supporting families

family centred programmes comprise one of the fastest growing programme areas in child welfare this book provides an international overview of family support and preservation programmes with attention both to the general situation with respect to family preservation in different countries and specific types of intervention such as video home training

this work provides a manual for courts and social service agencies in dealing with the legal requirements of public law 96 272 the adoption assistance and child welfare act of 1980

print coursesmart

v 1 children and parenting v 2 biology and ecology of parenting v 3 status and social conditions of parenting v 4 applied and practical parenting

the vast literature on family problems suggests that most researchers and professionals see these problems as inevitable and their own role as one of curing rather than preventing them the family wellness movement attempts to step back a stage with the emphasis on prevention rather than cure citing parallels with the movement towards prevention in medicine mace draws upon the insights of noted workers in the field who discuss their own roles in developing family enrichment programmes their readable accounts of the philosophical and practical benefits of family wellness will make this book crucial reading for family researchers social service professionals educators clergy and students

When people should go to the ebook stores, search foundation by shop, shelf by shelf, it is essentially problematic. This is why we provide the ebook compilations in this website.
