this book is intended to be an introduction to the indian banking and touches on almost every aspect from the indian financial system to contemporary issues and developments in the industry it also covers emerging technology and expanded banking powers and markets the topics included in this book are the evolution of banking the deposit function the lending function fund management and bank investments specialised products and services electronic financial services and a summary of rbi regulations

this book one of three volumes showcases the effective transformation of companies providing banking and insurance services this first volume gives a business oriented introduction to the setting and the current challenges of fintech regtech and insurtech and provides an outlook on what will be needed in the future specific sub departments in financial services are examined with a view to accounting risk and regulatory segments the book also addresses the importance of cultural aspects of the coming digital transformation with an eye to requirements that will enable a digital bank or insurance company to thrive in 2025 the angle shifts over the volumes from a business driven approach in disruption and dna to a strong technical focus in data storage processing and analysis leaving digitalization and machine learning applications with the business and technical aspects in between

this palgrave pivot explores the recent financial crisis from a new perspective reflecting on 40 years of banking experiences the book will open new avenues to understanding banking and comment on possible ways to rehabilitate banking organisations in 1965 the bank of ireland received a consultancy report from mckinsey company which heralded a new phase in banking practice and organisation in the years that followed the bank of ireland opened up its once traditional culture to outside influences changing the way work was done and workers were viewed direct competition was introduced alongside specialisation of roles and hence college education was identified as the way to meet demands of the market and bankers began to develop a full suite of products to keep customers loyal the once professional bank manager who was a guardian of good practice eventually became absorbed into the needs of the leviathan organisation the end result is an unimaginable and interlinked financial crisis in 2008 that swept across ireland and the globe this book explores banking organisation and practice as it transforms and across the period from 1960 to 2018 it argues that organisational goals over individual responsibility paved the pathway towards crisis organisationally anxiety and fear of failure took the place of certainty and stability while the financial crisis is coming to an end banking organisations remains fragile and prone to influences that may lead them towards a path of continuous cycles of boom and bust such a state has the potential to create an unending cycle of boom and bust and the end of stability and the institution of banking this book shines a light on that and will be of interest to banking and finance researchers students and practitioners

this commendable book edited by dr a vasudevan a leading monetary economist focuses on money monetary policy and banking issues areas in which the reserve bank s expertise is widely recognised

bank financial management has been written keeping in view specific knowledge and skill needs of banking professionals desirous of gaining advanced knowledge of banking the book deals with four important areas of banking viz international banking ri

restitution and banking law written by leading practitioners and commentators combines their experience in the field of restitution law and banking law to discuss major issues

the word bank comes from the italian word banco or banca meaning bench early italian bankers conducted their business on the benches on the streets large banking firms were then established in florence rome venice and other italian cities and banking activities slowly spread throughout the world the banks perform number of functions and therefore it has become extremely difficult to give definition of a bank

the international magazine of bank management
