as corporate states join the universe of nation states the challenge of securing both corporate social responsibility and accountability becomes one of the core

challenges facing the social and legal order bryan horrigan s masterly comprehensive account of this protean subject offers an assured guide for future thought and action paul redmond professor university of technology sydney australia csr continues to be one of the most important aspects of business in the global economy receiving much attention from business managers government leaders and academics while continuing to increase in prominence there are many aspects and many approaches evolving in this global phenomenon in this book horrigan provides the most complete interdisciplinary analysis of these perspectives yet undertaken combining theoretical insights with practical examples while pointing the way forward towards future developments david crowther professor de montfort university uk and social responsibility research network in this book professor horrigan brings together the many facets of and perspectives on the concept of csr and he places them in the context of the development of thought in the crossover from the 20th to the 21st century i doubt whether such an ambitious and comprehensive account of the concept has been previously attempted there is no doubt that it is a hugely important subject in today s world and one which will not go away i believe that the book will be valuable to all who need to deal with this issue whether as government officials regulators businessmen lawyers academics media commentators or concerned citizens the right honourable lord butler of brockwell kg gcb cvo was secretary of the united kingdom cabinet and head of the home civil service from 1988 to 1998 1998 2008 master of university college oxford and a non executive director of ici plc and of hsbc holdings also chairman of the board s corporate social responsibility committee this timely and thorough book offers one of the most wide ranging inter disciplinary and cross jurisdictional analyses of corporate social responsibility so far in the 21st century professor bryan horrigan spans subjects as diverse and topical as global corporate responsibility and governance debates practical guidelines for responsible businesses and their professional advisers governmental roles in corporate social responsibility corporations and human rights and the new era of enlightened shareholder value he also highlights an emerging transnational and comparative body of law regulation and practice on corporate social responsibility illustrated throughout with meaningful controversies and examples the book also highlights the major recent global developments in corporate social responsibility already this century focusing especially on europe the uk north america and australasia and charting its future regulatory and research directions worldwide the book s scholarly foundation up to date coverage and accessible style will appeal particularly to academic researchers and students of corporate social responsibility in the fields of law business management economics and political science in a number of countries it will also be of great interest and use to those whose work involves corporate social responsibility within government business and civil society

following the financial and public debt crisis the eu s economic and monetary

union emu has been under intense political scrutiny the measures adopted in response to the crisis have granted additional powers to the eu and national authorities the exercise of which can have massive implications for the economies of the member states financial institutions and of course citizens the following questions arise how can we hold accountable those institutions that are exercising power at the national and eu level what is the appropriate level type and degree of accountability and transparency that should be involved in the development of the eu s governance structures in the areas of fiscal and economic governance and the banking union what is the role of parliaments and courts in holding those institutions accountable for the exercise of their duties is the revised emu framework democratically legitimate how can we bridge the gap between the citizens and the institutions that represent them and those institutions that are making these important decisions in the field of economic and monetary policy this book principally examines the mechanisms for political and legal accountability in the emu and the banking union it examines the implications that the reforms of eu economic governance have had for the locus and strength of executive power in the union as well as the role of parliaments and other political fora and courts in holding the institutions acting in this area accountable for the exercise of their tasks it further sets out several proposals regarding transparency accountability and legitimacy in the emu

the present book contains five contributions relating to the introduction of central bank digital currencies cbdcs i e the digital form of state issued legal tender it is the by product of a colloquium jointly hosted by the collegium helveticum the joint institute for advanced studies of eth zurich the university of zurich and the zurich university of the arts and the university of zurich s priority research program on financial market regulation urpp finreg on 9 may 2023 the contributions to this book provide an in depth analysis of the following aspects of cbdcs global financial architecture and decentralized cbdc regimes by rolf h weber the shift from private money into unlimited cbdcs an unviable development or a chance for reform and new opportunities by christian hofmann a macroeconomic perspective on retail cbdc and the digital euro by dirk niepelt central bank digital currencies central bank money reaches a new frontier by chiara zilioli and the simple r case for wholesale central bank digital currency by thomas moser the articles constitute an optimal blend between legal institutional and economic aspects on cbdcs by high quality experts combining the academic and the central bank perspectives

the first in depth comparative analysis of shareholder stewardship which reveals the complexities of this global movement that were previously unknown

□□□□ □□□□□

focuses on the recent enemy combatant cases to provide a stern critique of the legal and constitutional basis for the enormous expansion of presidential power during the bush administration s war on terror and the challenges especially in the supreme court that such expansion has inspired

a pathbreaking critique of the thought of military studies icon carl phillip gottfried von clausewitz and his magnum opus on war that illuminates why and how that work should be viewed as much more mature coherent innovative and complete than suggested by previous accounts

examines both the peril and the promise of presidential power to clarify that what can destroy our constitution can if the threat is dire also save it an unusually balanced study that argues for a middle path whereby presidents choose consciously to act temporarily outside or even against the laws in serving the nation s best interest
