a new york times notable book of 2012 food and in particular the lack of it was central to the experience of world war ii in this richly detailed and engaging history lizzie collingham establishes how control of food and its production is crucial to total war how were the imperial ambitions of germany and japan ambitions which sowed the seeds of war informed by a desire for self sufficiency in food production how was the outcome of the war affected by the decisions that the allies and the axis took over how to feed their troops and how did the distinctive ideologies of the different combatant countries determine their attitudes towards those they had to feed tracing the interaction between food and strategy on both the military and home fronts this gripping original account demonstrates how the issue of access to food was a driving force within nazi policy and contributed to the decision to murder hundreds of thousands of useless eaters in europe focusing on both the winners and losers in the battle for food the taste of war brings to light the striking fact that war related hunger and famine was not only caused by nazi germany and imperial japan but was also the result of allied mismanagement and neglect particularly in india africa and china american dominance both during and after the war was not only a result of the united states immense industrial production but also of its abundance of food this book traces the establishment of a global pattern of food production and distribution and shows how the war subsequently promoted the pervasive influence of american food habits and tastes in the post war world a work of great scope the taste of war connects the broad sweep of history to its intimate impact upon the lives of individuals

food and in particular the lack of it was central to the experience of the second world war in this richly detailed and engaging history lizzie collingham establishes how control of food and its

production is crucial to total war how were the imperial ambitions of germany and japan ambitions which sowed the seeds of war informed by a desire for self sufficiency in food production how was the outcome of the war affected by the decisions that the allies and the axis took over how to feed their troops and how did the distinctive ideologies of the different combatant countries determine their attitudes towards those they had to feed tracing the interaction between food and strategy on both the military and home fronts this wide ranging gripping and dazzlingly original account demonstrates how the issue of access to food was a driving force within nazi policy and contributed to the decision to murder hundreds of thousands of useless eaters in europe focusing on both the winners and losers in the battle for food this book brings to light the striking fact that war related hunger and famine was not only caused by nazi germany and imperial japan but was also the result of allied mismanagement and neglect particularly in india africa and china american dominance both during and after the war was not only a result of the united states immense industrial production but also of its abundance of food this book traces the establishment of a global pattern of food production and distribution and shows how the war subsequently promoted the pervasive influence of american food habits and tastes in the post war world a work of great scope the taste of war connects the broad sweep of history to its intimate impact upon the lives of individuals

almost no one knew what a potato was in 1500 today they are the world s fourth most important food how did this happen

during world war ii millions of soviet soldiers in german captivity died of hunger and starvation their fate was not the unexpected consequence of a war that took longer than anticipated it was the calculated strategy of a small group of economic planners around herbert backe the second reich minister for food and agriculture the mass murder of soviet soldiers and civilians by nazi food policy has not yet received much attention but this book is about to change that food played a central political role for the nazi regime and served as the foundation of a racial ideology that justified the murder of millions of jews prisoners of war and slaves this book is the first to vividly and comprehensively address the topic of food during the third reich it examines the economics of food production and consumption in nazi germany as well as its use as a justification for war and as a tool for genocide offering another perspective on the nazi regime s desire for domination gesine gerhard sheds light on an often overlooked part of their scheme and brings into focus the very important role food played in the course of the second world war

in popular memory the repeal of us prohibition in 1933 signaled alcohol s decisive triumph in a decades long culture war but as lisa jacobson reveals alcohol s respectability and mass market success were neither sudden nor assured it took a world war and a battalion of public relations experts and tastemakers to transform wine beer and whiskey into emblems of the american good life alcohol producers and their allies a group that included scientists trade associations restaurateurs home economists cookbook authors and new deal planners powered a publicity machine that linked alcohol to wartime food crusades and new ideas about the place of pleasure in modern american life in this deeply researched and engagingly written book jacobson shows how the yearnings of ordinary consumers and military personnel shaped alcohol s cultural reinvention and put intoxicating pleasures at the center of broader debates about the rights and obligations of citizens

casseroles can openers and jell o provides insight on how american food culture developed during the early years of the cold war highlighting gender roles the promotion of democracy and capitalism and the impact of mass market advertising the book draws on cookbooks popular magazines television advertisements government publications and industry pamphlets to paint a vivid picture of what

americans ate and how food was enlisted as a symbol of america s postwar dominance featuring eighty recipes the book shows how the food industry promoted new processed foods to an increasingly industrialized nation for anyone wanting to better understand how america s food culture developed during the mid twentieth century and for those who were raised on tv dinners and campbell s soup the book offers an engaging and evocative look at the story of american cuisine during the early years of the cold war

the usa and the world 2025 2026 provides students with vital information on these countries through a thorough and expert overview of political and economic histories current events and emerging trends
