an illustrated time line allows readers to gain an overview of the period and serves as a useful introduction to each chapter fully illustrated with archival photographs and specially commissioned maps the history of europe provides a visual tapestry of key events and those that shaped them to emerge into the changing face of europe today book jacket

a concise people s history of europe spanning from the first world war to today

bird s eye view of europe s development social political economic and cultural

many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive we are republishing these classic works in affordable high quality modern editions using the original text and artwork

in this work antony alcock recounts the historical development of europe from the greek city states through to the 2000 nice treaty on european integration and the attack on new york of 11 september 2001 this short history of europe is told simply and accessibly yet provides the political economic social and cultural context for europe s increasing integration based on the three pillars of greek political thought roman law and the christian religion including analysis of new material antony alcock brings his history fully up to date looking at such issues as the collapse of yugoslavia immigration and asylum seekers and finally consideration of the future of europe in the twenty first century

this third revised and augmented edition of peter rietbergen s highly acclaimed europe a cultural history provides a major and original contribution to the study of europe from ancient babylonian law codes to pope urban s call to crusade in 1095 and from michelangelo on italian art in 1538 to sting s songs in the late twentieth century the expressions of the culture that has developed in europe are diverse and wide ranging this exceptional text expertly connects this variety explaining them to the reader in a thorough and yet highly readable style presented chronologically europe a cultural history examines the many cultural building blocks of europe stressing their importance in the formation of the continent s ever changing cultural identities starting with the beginnings of agricultural society and ending with the mass culture of the early twenty first century the book uses literature art science technology and music to examine europe s cultural history in terms of continuity and change rietbergen looks at how societies developed new ways of surviving believing consuming and communicating throughout the period his book is distinctive in paying particular attention to the ways early europe has been formed through the impact of a variety of cultures from celtic and german to greek and roman the role of christianity is stressed but as a contested variable as are the influences from for example asia in the early modern period and from american culture and islamic immigrants in more recent times

since anxieties over europe s future mount this third edition text has been thoroughly revised for the late twentieth and early twenty first centuries moreover it now also includes a dossier of some seventeen essay like vignettes that highlight cultural phenomena said to be characteristic of europe social solidarity capitalism democracy and so forth with a wide selection of illustrations maps excerpts of sources and even lyrics from contemporary songs to support the arguments this book both serves the general reader as well as students of historical and cultural studies

volume one of the book deals with all aspects of history of europe from 1453 to 1648 during this period european states became most powerful and made new discoveries and established colonial empires in the new world and new states such as the united states of america canada mexico and a number of south american states came into existence new continents of australia and new zealand were also discovered during this period renaissance intellectual and scientific progress have been dealt with in detail with the discovery of new lands colonial empires of european countries were established into major part of the world gradually leading european countries established their empires and dominance all over the world and impact of western civilization which began during this period is now felt everywhere in the world

this is a new release of the original 1955 edition

this sweeping history of europe covers the period from the fall of the roman empire to the dawn of the 20th century with a focus on the political social and cultural forces that shaped the continent over the centuries this book provides a fascinating and comprehensive overview of european history this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
