coaching is rapidly growing from a young emerging profession to one that is becoming more established on a global scale as professional coaching grows so does the need for a more formulated approach to regulation ethics and individual development in order for coaches to develop their skills and knowledge

they need to make continual professional development and supervision a core aspect of their practice published with the association for coaching supervision in coaching examines how coaches can use a range of professional development tools to improve and develop their coaching written by a team of international coaching practitioners it provides essential guidance on this increasingly key area of coaching practice the authors provide advice on a range of topics including approaches to supervision managing ethical dilemmas the role of regulation and licensing in coaching and the development of accreditation and professional standards

the book provides a comprehensive guide to this developing area of complex multi disciplinary professional practice a specially selected group of international authors from different theoretical backgrounds and with different contextual experience have contributed information and insights and made explicit links between theory and practice

this book offers detailed strategies methodologies approaches practice guidelines and policy implications effective for professional coaching on the individual group and organizational level it details empirical research based and theoretical perspectives on coaching psychology as well as elaborates upon the fundamentals within multi cultural contexts first delivering a general introduction to coaching psychology before going on to examine specific psychological approaches towards coaching the book also provides a conceptual framework for the use of psychometrics in multi cultural coaching psychology next the book presents meta theoretical perspectives and applications for multi cultural contexts such as how to enhance leadership with group coaching from a system psychodynamic approach how coaching can be used to support behavioral engagement and wellbeing and how to utilize symbolic expressions art myths dreams and fantasies in coaching this book provides practical tools towards critical self reflective practice delivering the current state of the art research by presenting psychological coaching strategies theory and practice in one viewpoint it also informs on the activity of various research approaches thus interesting the broader student and academic reader it will help all readers evaluate their current coaching competencies and in the end become better coaches the book will also serve as an ideal resource for psychologists who want to migrate into coaching psychology

this highly practical comprehensive book reflects the increasing professionalization of coaching and mentoring and the mounting expectation that coaches undergo regular supervision to ensure the quality and safety of their practice and to encourage their continued professional development this is the first book to address the full spectrum of coaching and mentoring supervision the reader gets an opportunity to compare and contrast different approaches

and models and is introduced to theory in a concise accessible way the book also clarifies what good coaching and mentoring supervision looks like in different contexts provides practical case examples to compliment and shed light on the theoretical bases for coaching mentoring supervision reflects the diversity of perspectives on supervision in coaching and mentoring explores alternative ways of delivering and using supervision addresses the complex issue of effectiveness and quality of supervision coaching and mentoring supervision is the definitive text for coaching supervisors supervisees and those working toward qualifications in coaching supervision it will also be of value both to hr professionals and those participating in mentoring programmes this book is written in a lucid and interesting manner so the chapters are easy to read individually and allow readers to pick their own path through the knowledge and experience that this textbook contains i expect that this book will become an essential source for those seeking qualification in coaching supervision coaching today july 2012

the handbook of psychotherapy supervision also provides detailed coverage of the communicative and relational factors which influence the supervision process

this book presents an innovative model for therapy and supervision it draws on ideas from the psychological traditions of transactional analysis gestalt theory and cognitive behavioural therapy to develop an integrated approach to working with clients and to developing a supervisor supervisee relationship that can adapt to suit individual needs

this book is a most welcome addition to the rapidly growing number of books now available that address aspects of counselling supervision in the british context to my knowledge it is the first that deals exclusively with group supervision and it is likely to become a classic text it provides a comprehensive and in many ways inspiring handbook that should prove of enormous help to any individual or organization contemplating setting up group supervision for counsellors and other clinical practitioner british journal of guidance counselling this much awaited book makes a welcome entry into the rather sparse british literature on group supervision counselling at work this is a welcome addition to the literature on counselling supervision i found it especially stimulating having used various models of group supervision as a senior probation officer and now using it in a listening post in both examples the method did not replace individual supervision but greatly enhanced it i thank brigid proctor for her guidelines for good practice and stimulating ideas for using the potential of groupwork within the supervision process and recognize it as a really valuable sage like contribution accord this is a welcome addition to the literature on counselling supervision i found it especially stimulating having used various models of group supervision as a senior probation officer and now using it in listening post in both examples the

method did not replace individual supervision but greatly enhanced it i thank brigid proctor for her guidelines for good practice and stimulating ideas for using the potential of groupwork within the supervision process and recognize it as a really valuable sage like contribution accord this practical guide illuminates the tasks roles and responsibilities of group supervisors and supervisees case studies of four groups are developed throughout to illustrate the differences and issues that arise in the process of group supervision the first part describes the group supervision alliance model on which the book is based and identifies four overlapping but distinct types of group authoritative participative co operative and peer the second part focuses on the skills of managing each type of group and offers guidelines for making clear agreements and alliances developing flexible leadership and making sense of group and individual developmental needs the author also tackles hot issues that arise in group supervision and suggests positive ways of encouraging and working with the diversity which groups encompass

designed for people who study and conduct research on supervision and for clinical supervisors themselves this book is an introduction to the interdisciplinary field of clinical supervision psychology marriage and family therapy and social work the book is practical and covers a wide range of topics including how to conduct supervision evaluation of supervision ethical and legal ramifications of clinical supervision and organizational planning for the supervisor training of clinical supervisors and the transcripts of the supervision sessions conducted by master therapists most of these transcripts appear for the first time in print

this collection of readings mostly from educational leadership is directed to leaders in educational settings who are responsible for curriculum development professional growth and improving instruction the selections are organized under eight topics 1 history nature and purposes of educational supervision 2 organization for supervisory services 3 human skills in supervision 4 supervisory techniques for planning and managing educational programs 5 the supervisor as facilitator in the improvement of teaching and learning 6 the supervisor as leader in curriculum development 7 the supervisor as a leader in staff development and 8 the supervisor as a researcher and member of the profession for each of these major topics an overview introduces selected readings the overview establishes the contribution and relationship of that topic to educational supervision and provides questions in order to direct the reader to the interaction between the articles there is also a guide for readers designed to aid instructors and students in the form of a matrix the guide lists nine major textbooks in the field of educational supervision and shows the intersection with the articles in this collection resources are included in each separate article lms

this book presents an integrative relational model for psychotherapy supervision

supervisory leadership emphasizes leadership practices and covers the concepts principles and skills needed to be a successful supervisor this new well researched and comprehensive text describes the supervisor s work with teachers as moving from a deficit model helping to a collegial cooperative mentoring approach it also provides helpful connections that describe and support the role of supervisors in school culture the authors provide a view of contemporary supervisory practice with particular attention given to the importance of past practices the workplace and culture leadership qualities communication models and supervision processes and the process of change and decision making written in a language that is easily understood supervisory leadership provides an interactive realistic and meaningful learning experience that offers continuous opportunities for students to reflect upon their own supervisory leadership development
