you can usually tell a mom even when she doesn't have children around her just by the general appearance she has she's the one that doesn't have makeup on or at least not a lot and she usually seems a little hurried like she's trying to hurry through her errands so she

can get back to her children most likely she has this way about her that seems almost a little crazed and you'd like to help her because you get it but you're not really sure how well these types of moms are definitely the most common but they're not the only ones out there every day you walk by moms that you never even knew were moms these are the women who seem to have it all together whether they're shopping alone or with friends or even with their children they seem to have a plan but they execute that plan in a calm way they walk through the store at a comfortable pace with their children wandering or trailing along behind them though not necessarily in an orderly way more of a casual nothing has struck my fancy quite yet way but who are these moms and how did they get to be so calm and together these women are what we call happy moms they've been able to work out the problems and some of the crazy moments in their lives to reach a state of being that most moms would consider absolute bliss if they could just figure out how to achieve it themselves well you're in luck because this book is going to teach you how to achieve that state of happiness and bliss for yourself it's not going to be difficult but it is going to require you to do something you might think of as difficult putting yourself first throughout this book we'll talk about what you need to do in order to put yourself first and we'll even talk about how putting yourself first not all the time but sometimes is actually going to be better for your children as well which may help you to actually do it after all a lot of moms feel like they're hurting their family by putting themselves first well we're here to tell you it's essential to your child's happiness and health and we'll explain why

much has been written about what to expect of your child in the first year of its life how to tame toddlers and raise children in an age prone to overparenting the time is right for the UK's largest online parenting organisation to put the emphasis back on a mother's needs often the pressure to be the perfect mother can add to a mother's worries especially first time around forget the yummy mummy phenomenon that says it's possible to look after a newborn baby keep your house spic and span cook gourmet family dinners and still manage to put your lipstick and heels on life isn't really like that this practical handbook looks at the elements of parenting that can make a mother unhappy and offers information and advice on how to cope most importantly this is real advice for real women from real women the 250 000 members of netmums.com together with advice from the experts

while this handbook can be read in only 60 minutes it's packed with 10 years worth of no

nonsense actionable advice for new moms who want to learn how to sleep train their baby get a toddler to love eating healthy foods avoid common parenting mistakes know the rules for playdates tv and video games and raise a happy healthy smart disciplined and interesting child should your baby sleep alone from day one can formula save your sanity are pacifiers a good thing what should dad's job be how do you discipline a toddler what are the tricks for healthy eating habits all these questions are expertly answered and so much more
