how america s greatest marketing triumph in world war ii shaped race ethnicity and class in modern america the world war ii bond campaign is a history of the world war ii bond drive led by the federal government an effort called the most successful marketing operation in history by the war s end some 85 million americans had spent 186 billion in an unprecedented outpouring of patriotism that contributed to the military victory and the prosperity of the following decades the fdr administration used bonds to raise capital to support the war and promote national unity within the context of the nation s increasingly pluralistic society as the melting pot theory was retired african americans euro americans and labor union members enthusiastically bought bonds to express national loyalty but also to demonstrate racial ethnic or class pride a reflection of their dualistic or hyphenated identities drawing on various primary sources the world war ii bond campaign illustrates how the treasury department s multicultural marketing strategies tapped into americans aspirations alongside their patriotic impulses citizens of all social and economic backgrounds eagerly responded to what can be seen as the selling of america making the subject an ideal lens to view national identity at a critical moment in the country s history the author contends that the drive s success helped pave the way for the emergence of both the civil rights movement and the vigorous consumer culture of the postwar years

this selection from the authors a monetary history of the united states 1867 1960 princeton describes the changes that were made in the banking structure and in the monetary standard following the great contraction of 1929 to 1933 the establishment of monetary policies after the new deal period and the development of inflation during world war ii originally published in 1980 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

an exploration of how british society experienced spy fever during the first world war following the declaration of war in 1914 german spies were sighted across britain as a potent form of spy fever supposedly gripped the nation this book questions the extent to which british society was truly terrified of german spies and explores the broader impacts of secret warfare during the early stages of the first world war harry richards analyses the belief that a clandestine network of spies and saboteurs mostly comprised of naturalised aliens domiciled in britain had

successfully infiltrated all elements of society and were poised to destroy Britain's war effort from within although that danger never fully materialised the spy peril remained a dominant feature of radical politics and popular culture throughout the first world war why images of German spies were so appealing and enduring during this period is the subject of this book British spy fever in the first world war contends that our understanding of spy fever is in need of significant revision whereas previous studies typically characterise society's reaction to the spy peril as one of hysteria this book shows that our understanding of spy fever should encompass a wider variety of emotions and experiences British society was certainly obsessed with images of German espionage but this seldom resulted in psychological disorder each chapter therefore examines different emotional experiences alarm terror excitement anxiety hope anger and enjoyment to highlight the diverse and complex reactions towards the enemy within

Global War Global Catastrophe presents a history of the first world war as an all consuming industrial war that forcibly reshaped the international environment and with it impacted the futures of all the world's people narrated chronologically the authors identify key themes and moments that radicalized the war's conduct and globalized its impact affecting neutral and belligerent societies alike these include Germany's invasion of Belgium and Britain's declaration of war in 1914 the expansion of economic warfare in 1915 anti imperial resistance the Russian revolutions of 1917 and the United States entry into the war each chapter explains how individuals communities nation states and empires experienced considered and behaved in relationship to the conflict as it evolved into a total global war above all the book argues that only by integrating the history of neutral and subject communities can we fully understand what made the first world war such a globally transformative event this book offers an accessible and readable overview of the major trajectories of the global history of the conflict it offers an innovative history of the first world war and an important alternative to existing belligerent centric studies

The Routledge History of Global War and Society offers a sweeping introduction to the most significant research on the causes experiences and impacts of war throughout history this collection of twenty seven essays by leading historians demonstrates how war and society studies have dramatically expanded the chronological geographic and thematic breadth of the field of military history each chapter addresses the ways in which recent scholarship has integrated cultural ethical environmental medical and ideological factors to explain both conventional conflicts and genocide terrorism and other forms of mass violence the broad scope of the collection makes it the perfect primer for scholars and students seeking to understand the complex interactions of warfare and those affecting and affected by conflict
