a person can have many soul mates in a lifetime but each person has only one twin soul in each life this belief taught to me by my grandmother is one that has always filled me with wonder as a young child she often sat next to me in front of the fire blazing brightly in our tipi and spoke of the legend of the twin souls the legend is as old as creation itself it is said that as the creator was making human beings he was surrounded by souls to place in them the creator decided to take a single soul and split it in half creating twin souls he then took the two twin souls and touched them together as light as a butterfly s kiss the twin souls were then separated and placed respectively into man and woman the creator lightly touched them together so that when they meet one day they will recognize the other s soul as their twin this is because they have already met at the beginning of creation and will immediately feel as if they have known each other forever i am sumanitu taka kici mani wiya which means she who walks with the wolf and live with my elderly grandmother shetawahki who is a revered elder and medicine woman of the lakota sioux nation

i also know that different people experience their journeys differently and some people indeed go through difficulties uniting because of various reasons that keep twin flames apart therefore feel grateful for having your twin flame experience for flowing in the right direction your twin flame is a mirror of what you fear and simultaneously what you desire the most for your inner healing for example if you are a highly strung person your twin flame will most likely be the relaxed and messy one if you like to play the victim in your daily life your twin flame will be a strong character who refuses to give you pity or sympathy to perpetuate

your complex if you are creatively repressed one your twin flame will be a flourishing artist in this way your twin flame challenges and infuriates you but also they teach you the important lessons about our fears core wounds and repressions because a twin flame is your divine mirror your childhoods were opposites of each other for example you were raised in very different ways which led to the development of opposite childhood wounds that you now have the opportunity to mend after your initial twin flame encounter one of you is more soulfully mature than the other and often serves as the teacher counselor or confidant within the relationship this does not mean that it is a one way learning relationship both twin flames balance each other out like yin yang when you meet your twin flame you are taught the most important life lessons such as forgiveness gratitude empathy and open mindedness by them and with them the most growth you've ever experienced has been with them and no other friendship or relationship has transformed you as deeply as this one has that you have with your twin flame the connection with your twin flame is multi faceted in other words your twin flame is likely your best friend lover teacher nurturer and muse all at once because your twin flame doesn't try to change you they accept you for who you are

have you ever been so caught up in someone else's story you were living it do you ache for something that feels more real than the life you're living if you ever wondered whether there was something more someone amazing waiting for you that could quench your desire to be fully alive again if you wondered whether there is such a thing as soul mates or the one union will assure you that you are not alone author kimberly e powers shares raw truths and honest humor through her often reluctant journey to understand the ache and loneliness she felt in her seemingly perfect life what she found revealed the nature of relationships with herself and others her quest to feel normal engulfed her in ill fitting routines lost connections to passion joy and a world beyond that she once understood left her begging god for answers receiving the answers one by one in unusual ways she eventually regained her strength and awakened to peace in the stillness of her soul that is until she dared to ask the question what could be better than this she found the answer in the 2010 movie eat pray love the advice given to elizabeth gilbert by ketut sometimes to lose your balance for love is part of living balanced life would haunt kimberly's mind and change her destiny recognizing this story as her own only much less glamorous without the travel to exotic places but rather in a normal town as a single soccer mom with two sons and an advertising agency kimberly embarked on a dream she almost didn't dare to want finding her twin flame what she believed would be her destination was only a layer of the journey into her heart and the understanding of the truth of soul mates twin flames and the falling in union with one
