graeco roman literary works historiography and even the reporting of rumours were couched as if they came in response to an insatiable desire by ordinary citizens to know everything about the lives of their leaders and to hold them to account at some level for their abuse of constitutional powers for personal ends ancient writers were equally fascinated with how these same individuals used deceit as a powerful tool to disguise private and public reality the chapters in this collection examine the themes of despotism and deceit from both historical and literary perspectives over a range of historical periods including classical athens the hellenistic kingdoms late republican and early imperial rome late antiquity and byzantium

the historical dictionary of the mongol world empire examines the history of the mongol empire the pre imperial era of mongolian history that preceded it and the various mongol successor states that continued to dominate eurasia long after the breakdown of mongol unity this second edition contains a chronology an introduction appendixes and an extensive bibliography the dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture of the mongol empire this book is an excellent resource for students researchers and anyone wanting to know more about the mongol empire

this new edition of cognitive behavioral therapy with children links together the methods of cognitive behavioral therapy cbt practiced in academic centers as well as the community this book addresses the challenges community practitioners face when pressured to use cbt with youth who live with mental health disorders but whose circumstances differ from those in research settings practitioners will learn how to overcome therapeutic obstacles this new edition contains an expanded discussion on cultural considerations relevant to assessment and treatment as well as a new chapter on training others in cbt for children

the defence of the market and economic freedom have been the main objectives of the investigations by liberal thinkers such as milton friedman gary becker f hayek and l von mises bearing in mind that the first two economists are the maximum exponents of the chicago school and the last two of the austrian school it is often concluded that the theories of both schools are similar this book demonstrates that in reality there is no convergence or complementariness to be found between both schools of thought the anthropological categories contributed by mises allow us to understand all human phenomena from the view of the man who acts in this view economics is part of a philosophical system whose core is the creative capacity of people becker s work on the other hand is concentrated on the generalization of the homo economicus as the basis for explaining all human behaviour he generalizes the maximizing principle to explain all human reality and extends the scope of the application of a so called scientific and technical view of the world in this key volume an important read for those in the fields of economic theory and political economy javier aranzadi argues in essence that the tradition of hayek and mises encourages a humanistic liberalism whereas the chicago school proposes only a technical humanism

covers the transmission of real time video and audio for internet experimentation provides detailed descriptions of how the various hardware and software systems can be seamlessly integrated for a complete internet remote experimentation system contains examples of real working experiments that are currently running
