this textbook offers students a relevant case focused account of eu law under the experienced editorship of catherine barnard and steve peers it draws together a range of perspectives on eu law designed to introduce students to the key debates and case law which shape this vast subject

widely acclaimed and respected this is the leading text on the four freedoms of the European Union unparalleled coverage of the subject area is paired with expert author insight and presented in a concise and user friendly format accompanied by engaging case studies and diagrams

What About Law succeeds where so many legal guidebooks fail it skilfully demystifies the law and ably proves its argument the law is indeed all around us and this book will whet your appetite to find out how and why. Alex Wade the times of the previous edition Law is one of the few subjects that the school leaver choosing a degree course will have very little real understanding of this book comes to the rescue by clearly setting out what a prospective law student can expect and why a student should choose to study law this new edition is updated to reflect the reality of studying law today highlighting changes due to Brexit and reforms to constitutional law the book covers the compulsory subjects every law student has to study contract criminal property and trusts law and brings them up to date with a clear core structure and approach it takes a case from each of these subjects to illustrate legal issues and methodology the writing style is accessible and has the audience novices to law firmly in mind what about law shows how the study of law can be fun intellectually stimulating and challenging it introduces prospective students to the legal system legal reasoning critical thinking and argument written by a team of experienced teachers this book should be read by every student about to embark on the study of law

the new edition of this major work is a must buy for all students studying EU employment law it offers comprehensive coverage of an increasingly complex subject tackling both case law and legislation and provides detailed analysis of the EU's directives and their impact on employment law

Bulletin of Comparative Labour Relations volume 108 the progressive expansion of the phenomenon of posting of workers the practice whereby a worker is sent for a limited period of time to another member state in order to provide a service is a formidable bone of contention in the conflict between a fully integrated internal market economy and member states aims to protect domestic social standards this book challenges the recently adopted Directive EU 957/2018 which came into effect in July 2020 by examining the relevant EU regulatory framework and investigating the actual quantitative dimension of the posting phenomenon and its real impact on the EU labour market in the process the author exposes a serious misalignment of the legal framework provided for by the new directive with the EU values and principles of equality solidarity and fair competition drawing on a wide variety of sources including Court of Justice case law Advocate General's opinions Eurostat data Commission documents and reports and

academic literature the author provides in depth analyses of such elements of the problem as the following proper definition of the concepts of posting and posted worker in eu law host country s discretion in relation to the part of domestic regulation it can impose on posted employees misconceived clash between social rights and economic freedoms coordination of national social security systems proliferation of unlawful and fraudulent practices regime shopping and exploitation of existing regulatory loopholes misleading association of posting with issues of social dumping and unfair competition orientation of political influence during the drafting process of relevant eu legislation expected controversial economic impact of directive eu 957 2018 concrete realisation of the eu values and principles of equality solidarity and fair competition and definition and pursuit of a european social model normative arguments developed in the course of the analysis put forward viable recommendations for future improvements in the field the union s commitment to the development of a european social model cannot avoid taking into account the matters of equality solidarity and fair competition in this sense given the increasing prominence of the free movement of services in shaping a european labour market characterised by an ever growing degree of mobility this book s analysis of the phenomenon of posting of workers may serve as a litmus test of political and legislative action at eu level in its dual analytic and normative aspect the book takes a giant step towards future discussions and developments in the area of intra eu labour mobility it will be welcomed by legal practitioners in labour and social security law and industrial relations legal scholars eu institutions and agencies businesses and trade unions

this book explores the legal foundations of the single market project in europe and examines the legal concepts underpinning its operation
