for the text as a whole and that subsequent shifts in perspective may be tracked using aspects of mental spaces theory much of the textual content yields to concepts derived from conceptual metaphor studies and from conceptual blending theory which are introduced and explained using examples taken from jeremiah 1 1 6 30 the entire analysis demonstrates some of the strengths and weaknesses of using recent cognitive theories and methods for analysing and interpreting ancient texts while such theories and methods do not obviate the need for traditional interpretive methods they do provide a more nuanced understanding of the ancient text
